In the event of no parish register existing or to be found, a declaration of such circumstance is to be made before a magistrate to the following effect, viz.

I, ———, presented as a student for the East-India College by ———, do declare, that I have caused search to be made for a parish register whereby to ascertain my age, but am unable to produce the same, there being none to be found; and, further, I declare, that from the information of my parents (and other relations), which information I verily believe to be true, that I was born in the parish of ———, in the county of ———, on ———, in the year ———, and that I am not at this time under the age of sixteen, or above twenty-one years,

Witness my hand, this ——— day of ———, in the year of our Lord ———.

The parent, guardian, or near relation, must then add his certificate as to the truth of the declaration, which must be similar to that ordered to be annexed to the extract from the parish register.

The above-mentioned certificate (and declaration, in cases where a declaration shall be required) are to be annexed to the petition to be written by the candidate, and they are to sign a declaration thereon, that they have read these printed instructions. The same declaration is to be signed by the parent, guardian, or near relation of the candidates respectively.

Candidates will be interrogated in an open Committee as to their character, connexions, and qualifications, conformably to the General Court's resolution of the 6th July 1809. The nature of this interrogation may be known on application to the Clerk of the College department. And the following Rules and Regulations are to be observed with respect to the examination of Candidates:

Each candidate shall produce testimonials of good moral conduct, under the hand of the principal or superior authority of the college or public institution in which he may have been educated, or under the hand of the private instructor to whose care he may have been confided; and the said testimonials shall have reference to his conduct during the two years immediately preceding his presentation for admission.

Each candidate shall be examined in the Four Gospels of the Greek Testament, and shall not be deemed duly qualified for admission to Haileybury College, unless he be found to possess a competent knowledge thereof; nor unless he be able to render into English some portion of the works of one of the following Greek authors:—Homer, Herodotus, Xenophon, Thucydides, Sophocles, and Euripides; nor unless he can render into English some portion of the works of one of the following Latin authors:—Livy, Terence, Cicero, Tacitus, Virgil, and Horace; and this part of the examination will include questions in ancient history, geography, and philosophy.

Each candidate shall also be examined in modern history and geography, and in the elements of mathematical science, including the common rules of arithmetic, vulgar and decimal fractions, and the first four books of Euclid. He shall also be examined in moral philosophy, and in the evidences of the Christian religion as set forth in the works of Paley.

It is, however, to be understood, that superior attainments in one of the departments of literature or science, comprised in the foregoing plan of examination, shall, at the discretion of the Examiners, be considered to compensate for comparative deficiency in other qualifications; and also that the examination shall be so conducted as to give to each candidate reasonable time to prepare himself for the said examination.

A student publicly expelled the college will not be admitted into the Company's civil or military service in India, or into the Company's Military Seminary.

No person can be appointed a Writer in the Company's Service whose age is less than eighteen or more than twenty-three years, nor until he shall have resided two terms at least, in the college, and shall have obtained a certificate signed by the Principal of his having conformed himself to the statutes and regulations of the College.

On a student's appointment to be a Writer after he has left the College, a legal instrument is to be entered into by some one person (to be approved by the Court of Directors) binding himself to pay the sum of £3000, as liquidated damages, to the Company, for breach of a covenant to be entered into that the student's nomination hath not been in any way bought, or sold, or exchanged for any thing convertible into a pecuniary benefit.

The rank of students leaving the college is determined by the certificate of the Principal, which is granted with reference to the industry, proficiency, and general good behaviour of the students.

Such rank to take effect only in the event of the students proceeding to India within six months after they are so ranked.

TERMS OF ADMISSION.

Conditions and Qualifications for a Candidate.

1. No candidate can be admitted under the age of fourteen, or above the age of eighteen, years.
2. Every candidate must produce a certificate of his birth taken from the parish register, and signed by the minister, and countersigned by the churchwardens; or, if born in Scotland, by the session's clerk and two elders, accompanied by a declaration from his father, mother, or nearest of kin, the forms of which may be had in the Military Department. In the event of there being no register of his birth or baptism, the candidate will be furnished with the form of a declaration to be taken by him previously to his being appointed.
3. No candidate will be admitted without a certificate that he has had the small-pox, or has been vaccinated; nor without a certificate, in the prescribed form, to be given by two practising surgeons, that he has no mental or bodily defect whatever to disqualify him for military service.
4. Every candidate must produce a certificate of good conduct from the master under whom he has last studied.
5. Every candidate must deliver the names and addresses of two persons residing in London, or its vicinity, who engage to receive him if he shall be dismissed from the seminary, or removed from sickness or any other cause.
6. It is an indispensable qualification that the candidate write a good legible hand. He will be required to write down a sentence from dictation by the head master; and if he should be found deficient in his handwriting, or in his orthography, his reception into the institution will be deferred for such length of time as the head master shall report to be necessary.
7. No candidate will be admitted who cannot read and construe Cæsar's Commentaries, and who is not expert in vulgar and decimal fractions.
8. Every cadet upon his admission is considered a *Probationary* pupil for the first six months; at the end of which period the public examiner will be required to report to the military committee, on the probability of the cadet being able to pass for the artillery or infantry in the required period of four Terms. Should this appear improbable, either from want of talent or diligence, the cadet will then be returned to his friends.

PAYMENTS, &c.—1. The parents or guardians of the gentleman cadet are required to pay £50 per term towards defraying the expense of his board, lodging, and education; also an entrance subscription of £2. 2s. to the public library; which payments include every charge except for uniform clothes, books, and pocket-money, as hereafter specified.

2. Such articles of uniform dress* as may be considered by the military committee to be necessary shall be provided at the cost of the cadet. The amount of pocket-money issued to him at the rate† fixed by the rules of the seminary is also to be defrayed by his parents or guardians.

3. The following class-books will be provided at the public expense, the mutilation or destruction of which to be chargeable to the cadets, *viz.*

Hindustani Dictionary,	Inman's Nautical Astronomy,
Latin do. [metry,	Do. Nautical Tables.
Woodhouse's Spherical Trigonometry,	

4. The Cadets will, on their first joining Addiscombe, be supplied with the following books, the cost of which will be charged to their parents or guardians, *viz.*

Hutton's Mathematics,	[tion,	French Grammar,
Straith's Treatise on Fortification,	Do. Dictionary,	[tions,
Hindustani Grammar,	De la Voye's French Instructions,	
First Vol. Hindu Selections,	Cæsar's Commentaries.	
Fielding's Perspective,		

Any books not included in the above enumeration, or which may be hereafter required at the seminary, to be paid for by the cadets.

5. A cadet entering in a term, at whatever part of it, must pay the regulated sum for the whole term in which he enters, which will count as one of the four terms of his residence; and no return of any portion of the advance will be made in the event of a cadet's quitting the seminary.

6. Previous to the cadet's admission, his parents or guardians shall furnish him with the following articles, *viz.*

Twelve shirts (including three night-shirts), eight pairs of cotton stockings, six pairs of worsted ditto, six towels, six night-caps, eight pocket-handkerchiefs, one pair of white trousers (to be repaired, or if necessary, to be renewed by the parents or guardians at the vacation); two combs and a brush, a tooth brush, a Bible and Prayer-book, a case of mathematical instruments of an approved pattern, to be seen at the shop of Mr. Gilbert, Optician, 148, Leadenhall-street, or at Mr. Jones's, 62, Charing-Cross.

MILITARY SEMINARY.

7. The payment of the fixed charges for each term is to be made in advance; and the payment for clothes, pocket-money, and books for the preceding term is to be made previous to the cadet's return to the seminary.

PROHIBITION.—The cadet must not join the seminary with a greater sum in his possession than one guinea, and a further supply from any of his relations during the term may subject him to dismission from the seminary.

VACATIONS.—Midsummer commences about the middle of June, ends 31st July.

Christmas commences about the middle of December, ends 31st January.

At the close of every vacation, the cadet must apply at the Cadet Department, Military Office, East-India House, for an order for his re-admission, and all sums then due to the Company must be paid up. This order will express that he is only to be re-admitted upon his returning with the same number of books and instruments which he took home with him, that his linen is put into proper repair, and that he is in a fit state of health to renew his studies.

Notice to Parents and Guardians.

The friends of every cadet are hereby informed, that provision being made for furnishing him with every requisite, he cannot really want a supply of money to be placed at his disposal while at the seminary; and if they do notwithstanding think proper to furnish him with money, they put it in his power to commit irregularities, which must always retard his studies, and may eventually lead to his removal from the institution.

The parents and friends are further particularly desired not to attend to any application from the cadet for money, under the pretence of his having incurred any debts at Croydon, or elsewhere, or for the purpose of subscribing to public charities, or any other pretence whatever.

It having become known that cadets have been in the habit of writing to their friends for money, under the pretence that there were so many stoppages from their weekly allowance that they had scarcely any money left, the Committee have ascertained that these stoppages have arisen, not only from wilful and wanton destruction of public property, but in a considerable degree from the postage of letters, and the carriage of parcels addressed to the cadets. It has in consequence been ordered, that no letter or parcel shall be admitted into the seminary unless the postage or carriage of such letter or parcel shall have been previously fully paid for by the person sending the same. It has also been ordered that every parcel shall be opened in the presence of one of the orderly officers and the cadet to whom it is sent; that should it contain wine, or any thing prohibited by the regulations, the parcel, upon the first offence, will be

returned to the person sending the same; and that upon the second offence, the cadet will be ordered home, and will not be re-admitted until a written apology has been sent to the Committee by the person who has committed a breach of this regulation.

*Extract from the Standing Regulations of the Seminary, Sec. 1.
Clause 1.*

“No professor, master, or other person in the institution, shall receive from the cadet, or the parents or friends of any cadet, any pecuniary present or consideration, on any pretence whatever.”

Extract Resolution of Court of 12th March 1823, and Military Letter to Bengal, dated 30th August 1826.

“That all persons nominated in future as cadets, be required, as a condition to their appointment, to subscribe to the military funds of their respective presidencies.”

MEMORANDA.

The gentlemen cadets educated at the Military Seminary are eligible for the corps of engineers, artillery, and infantry. Admission to the two first of these branches, viz. the engineers and artillery, is only to be obtained by these cadets, none others being eligible. Those who are most distinguished are selected for the engineers, according to the vacancies in that branch. Those immediately following in order of succession, are promoted to the corps of horse and foot artillery.

Those cadets for whom there is no room in the engineers, but who are reported to have attained to a high degree of qualification, receive honorary certificates, and their names are announced to the governments in India, and published in general orders to the army, as meriting particular notice. They have the privilege of choosing the presidency in India to which they shall be stationed. The cadets not appointed to the engineers or artillery, are, when reported qualified, posted to the infantry, and rank together according to the rank which they obtained at the seminary.

The gentlemen cadets may pass through the seminary as rapidly as their attainments and qualifications will enable them to pass after a year's residence, provided that they are of the age of sixteen years on or before the day of their final examination. Their stay at the institution is limited to four terms.

The cadets educated at this institution take rank in the army above all other cadets who are appointed from the commencement of three months previously to the date of the seminary cadets being reported qualified; and all the time passed by them at the institution after they attain the age of sixteen, counts as so much time passed in India in calculating their period of service for retiring pensions on full pay.

QUALIFICATION IN SURGERY. No attendance on the practice of a physician at any Dispensary will be admitted.

The assistant surgeon is also required, as a condition to his appointment, to subscribe to the military or medical and medical retiring fund at his respective presidency.

The assistant surgeon is required, by resolution of Court of the 21st of May 1828, to apply at the Cadet-office for his order

for embarkation, and actually proceed under such orders within three months from the date of being passed and sworn before the Military Committee; he will then be furnished with an order to obtain the certificate of his appointment, signed by the Secretary, for which he will pay a fee of £5 in the Secretary's Office.

Cadets nominated for either of the above corps must be 16 years of age, and under 22, unless they have held a commission in his Majesty's service for one year, or in the militia or fencibles when embodied and have been called into actual service, or from the company of cadets in the royal regiment of artillery, they are then eligible if not more than 25 years of age; and they must procure similar certificates and vouchers to those prescribed for cadets entering the seminary.

No person who has been dismissed the Army or Navy, the Royal Military College at Sandhurst, the Royal Military Academy at Woolwich, or who has been obliged to retire from any public institution for immoral or ungentlemanly conduct, will be appointed a cadet direct for India.

No person will be appointed a cadet direct for India, without producing to the Military Committee a certificate, signed by two practising surgeons, that he has no mental or bodily defect whatever to disqualify him for military service.

CADETS and ASSISTANT SURGEONS.

At a Court of Directors, held on Friday, the 27th Feb. 1818:—RESOLVED, That cadets and assistant surgeons be in future ranked according to the seniority of the Directors nominating them, from the date of sailing of the several ships from Gravesend, by Lloyd's list, and that those who may embark at any of the out-ports be likewise ranked upon the same principle from the date of the ship's departure from such outports by Lloyd's list.

At a Court of Directors held 21st May 1828:—RESOLVED, That all the cavalry and infantry cadets and assistant surgeons who shall fail to apply at the Cadet Department for their orders for embarkation within three months from the date of their being passed and sworn before the Committee, or shall not actually proceed under such orders, be considered as having forfeited their appointments, unless special circumstances shall justify the Court's departure from this regulation.

By a Resolution of Court of the 4th Dec. 1833, all direct Cadets appointed or sworn in between the 10th March and 10th June, or between 10th Sept. and 10th Dec. (or the days which may be fixed on for the public examination of the Seminary Cadets) do rank after the Seminary Cadets who may pass their said examinations, provided the latter sail for their respective destinations within *three* months after passing said examinations.

Provided always; that if a fair disclosure of any corrupt transaction or practice, of the nature before described, wherein any Director has been concerned, shall be voluntarily made by the party or parties engaged in the same with such Director, the appointment thereby procured shall be confirmed by the Court.

CIVIL SERVANTS.

Regulations for the Grant of Absentee Allowance to Civil Servants when in Europe.

That after an actual residence in India in the civil service of ten years or upwards, a covenanted civil servant of the Company, upon either of the establishments of Bengal, Madras, or Bombay, shall be entitled, whether on account of ill health or from any other cause, and without reference to his private fortune, to come once to Europe, on leave for three years, and to receive for that period from the Company's cash an allowance of £500 per annum, provided that in no case shall a greater number of servants come home under this regulation, annually, than seventeen from Bengal, nine from Madras, and six from Bombay; nor shall a larger number of servants who may have come home under this regulation be absent in the whole at one time than fifty-one from Bengal, twenty-seven from Madras, and eighteen from Bombay, and that the preference shall be given first to servants producing medicinal certificates upon oath, that a visit to Europe is indispensably necessary for the restoration of health; and then to servants in their order of seniority, according to the rank assigned to them by the Court of Directors on the gradation list of the service.

That in cases of civil servants compelled by illness certified upon oath, to come to Europe previous to their completion of an actual residence in the civil service of ten years, such covenanted servants shall each be presented with the sum of 2,000 sicca rupees as passage money, and shall be entitled, for a period not exceeding three years, to an allowance from the Company's cash of £250 per annum; but that servants having received this indulgence, shall not, in the event of their again coming to Europe, after having completed a residence of ten years or upwards, be entitled to any allowance under the first regulation, except their return be again occasioned by illness, to be in like manner certified upon oath, and then only to the difference between what they have before drawn

in the shape of absentee allowance, exclusive of passage money, and that of £500 per annum for three years.

That servants coming in the first instance to the Cape of Good Hope for the benefit of their health, and being compelled from the same cause to come from thence to Europe without previously returning to India, shall be considered as entitled to the benefit of the foregoing regulations.

That in all cases, as well in those of servants coming in the first instance to the Cape, as well as of those coming direct from India, the said allowances be considered as commencing from the date of leaving India, and terminating at the expiration of three years from that date, or at the time of arrival in India, which ever may first happen.

That the same be paid quarterly in Europe; that, on no account or plea whatsoever, the allowances in question be extended beyond the period of three years; and

That any servant being in the receipt of absentee allowance from a civil fund, shall not be entitled to receive, during the same period of absence, the allowances prescribed by these regulations beyond such amount as may bring the total of his annual receipts from both sources to the sum hereby limited.

All other surgeons and assistant surgeons attached to the military, are permitted to retire from the service on the pay of their rank, after having served in India not less than twenty years, including three years for one furlough.

When officers on furlough retire upon the pay or half-pay of their rank, they are only entitled to claim the benefit of the rank

held by them at the expiration of one year from the date of their landing in the United Kingdom.

A veterinary surgeon is allowed to retire on seven shillings a-day after twenty years' service, including three years for one furlough; five shillings and sixpence a-day after thirteen years' service, including three years for one furlough; and three shillings a-day after six years' service, in the two last cases provided his health shall not permit him to continue to serve in India.

A commissary or deputy commissary of ordnance, not being a commissioned officer, is allowed to retire on full pay if he has served twenty-seven years in India, of which twelve must have been in the ordnance department; twenty-five years, fourteen of which in that department; or twenty-two years, seventeen years of which in the ordnance department.

A conductor of stores is allowed to retire on £60 per annum after twenty-five years' actual service in India.

Officers retiring from the service, will be considered to have retired from the date of their application for leave to retire; or from the expiration of two years and a-half from their quitting India, whichever shall happen first.

FURLOUGH REGULATIONS.

Officers (of whatever rank) must be ten years in India before they can be entitled (except in case of certified sickness, and as hereafter specified) to their rotation to be absent on furlough, and the same rule is applicable to assistant surgeons and veterinary surgeons. The furlough to be granted by the commander-in-chief at each presidency, with the approbation of the respective governments.

Officers who have not served ten years in India, but whose presence in England is required by urgent private affairs, may be allowed a furlough for one year without pay.

A chaplain (appointed previously to the 1st September 1836), after seven years' residence in India is allowed to come home on furlough and receive the pay of major, £292 per annum. Should

he come home from sickness prior to this period of service, he is allowed the pay of captain only, viz. £191 12s. 6d. per annum.

If appointed subsequently to that date, after seven years' residence in India, the pay of captain, viz., £191 12s. per annum; and if compelled by ill-health to come home prior to this period of service, the half-pay of captain, or £127 15s. per annum.

A conductor of stores is allowed furlough pay only in case of coming home from sickness.

Officers coming to England on furlough, are required immediately to report their arrival by letter to the secretary, stating the name of the ship in which they came, and their address, forwarding at the same time the certificates they received in India.

The period of furlough is three years, reckoning from its date to the day of the return of the officer to his presidency.

Officers are required to join the establishment to which they belong at the expiration of the three years' furlough, unless they shall have obtained an extension of leave from the court, six months before the expiration of that period. No furlough will be extended, except in cases of sickness, certified in the manner hereafter mentioned; or in cases, in which it shall be proved to the court that a further residence in Europe is indispensably necessary.

All officers finding it necessary to solicit a further leave of absence on account of sickness, must, if resident in London or its vicinity, appear before the Company's examining physician, Dr. J. R. Hume, 9, Curzon-street, who will report to the Court of Directors his opinion on the state of such officer's health. And if resident in the country in any part of the United Kingdom, they must transmit with their letter of application for such leave, a certificate according to the following form, signed by at least two gentlemen, eminent in the medical profession, viz.—

I hereby certify, that I have carefully examined (state the nature of the case as well as the name of the party), and I declare, upon my honour, that according to the best of my judgment and belief, _____ is at present unfit for military duty, and that it is absolutely necessary, for the recovery of his health, that he should remain at least _____ longer in this country.

Also, previously to such extension of furlough being granted such further proof shall be adduced by personal examination, or by such other evidence as shall be deemed satisfactory.

Officers abroad in any part of Europe, applying to remain a further time from their duty on account of sickness, are to furnish a certificate of two eminent physicians, *in the above form*, with the attestation of a magistrate, that the persons who signed the certificate are physicians.

Officers having obtained an extension of furlough to a given period, must at its expiration apply for permission, either to return to their duty or to reside a further time in England.

No officer who has failed to obtain an extension of furlough, will be considered eligible to return to the service after five years' absence under the Act of 33 Geo. III. cap. 52, sect. 70.

Every officer upon leaving India will receive a printed copy of the General Order on this subject, published agreeably to the court's instruction, and the plea of ignorance of the regulations will not be admitted as any justification of the breach of them; officers therefore, who shall come home on furlough and who shall not in due time apply, so as to effect their return to the presidency to which they belong within the period of three years from the commencement of their furlough, will subject themselves to the loss of the service, unless they shall be permitted by the court to remain a further time in Europe.

No officer on furlough can receive pay for more than two years and a half from the period of his quitting India until he returns, excepting colonels of regiments, and those of the rank of lieutenant colonel regimentally, when promoted to that of major general; the latter are then allowed to draw the pay of their brevet rank beyond the above period.

Secretary and accountant, J. P. Grant
Agents in England, Messrs. Coutts and Co.

1st. The subscribers shall, from the 1st of May 1825, contribute, for the purposes of the fund, four per cent. of their salaries, and all other public emoluments, however denominated; compensation for travelling expenses excepted.

2d. Should any subscriber be engaged in India on private business, and thereby voluntarily exclude himself from public employ, his subscriptions to the fund shall cease, and in the event of his hereafter relinquishing such private business, and resuming employ in the service, his subscriptions may be resumed, but the intervening period shall not be reckoned in the time necessary to qualify him to become an annuitant: and this rule shall be equally applicable to all persons now in the service who may have been, or may be engaged in private business.

3d. The annuities are fixed at 10,000 rupees each, payable in England at two shillings the rupee, being £1,000 sterling.—(See modified Rule 39.)

4th. The annuities shall be tendered to subscribers having served in the civil service twenty-five years, and actually resided twenty-two years of that period in India, according to their seniority on the gradation list of the service, as fixed by the Court of Directors, and the right of preference shall not be barred by refusal in a preceding year.

5th. The annuities shall commence with the 1st of May in each year, beginning with the year 1826; that is to say, shall fall due at the end of the said official year; and in like manner, the succeeding annuities shall commence on the first day of the following official years, and fall due at the close of each year respectively.—(See modified Rules 33, 34, 40.)

6th. At a convenient period before the close of each year, the managers of the fund shall require, according to seniority, a sufficient number of subscribers to signify their willingness, or otherwise, to retire on the annuity to be granted by the fund; and in case of the absence from India of members, such requisition shall be made to their constituted agents in Calcutta. It will, of course, be incumbent on members duly qualified to become annui-

tants, previous to leaving India, to empower one or more persons in Calcutta to act on their behalf, and to communicate to the managers the names of such agents.

7th. The following members shall be regarded as having virtually intimated, for the time being, their unwillingness to retire on the annuity; *viz.* those to whom a requisition may be made as above provided, and on whose part no reply may be received, on or before the first day of the year, with which the annuities intended to be granted may commence; and those who may have quitted India, and failed to empower any resident in Calcutta to act for them during their absence.

8th. The number of annuities offered shall not be more than may complete nine per annum from the 1st of May 1826.

9th. The actual value of annuities tendered and accepted as above, shall be passed to a separate account on the books of the institution, under the head of Appropriated Funds; and to the debit of this account shall be entered all payments in satisfaction of annuities.

10th. Should any subscriber, having resided in India in the civil service not less than twenty-two years, and been a member of it the full period of twenty-five years, retire from the service before the option of an annuity may devolve on him, he shall be entitled to the same in his proper turn, without any payment to the fund, save what may be claimable under the following rule.

11th. Any subscriber who may accept the tender of an annuity shall be required, to entitle him to such annuity, to pay to the institution, previous to the date to which the annuity is to commence, the difference between one-half of the actual value of the annuity on his life and the accumulated value of his previous contribution, in case the latter quantity shall be less than the former; these values shall be determined as below provided.

12th. Any member so choosing may decline paying the difference defined in the foregoing rule, and shall, in such case, be entitled to an annuity diminished in proportion to the sum by which the accumulated value of his contributions is less than one-half of the actual value of an annuity on his life.

13th. Any subscriber who may be dismissed from the Honourable Company's service, shall forfeit all right to benefit by the institution, and be entitled to no re-fund of payments which he may have made.

14th. The interest of any subscriber who may be suspended from the Honourable Company's service shall be in abeyance, but shall revive on his restoration. If he be permitted (whether the permission be granted at the time of, or during his suspension, or at the time of his restoration) to draw salary for the period of his suspension, then his contributions to the fund for that period shall be claimable, and the intervening time shall be reckoned as actual service; but if he be not allowed salary for the period of his suspension, then no contribution shall be claimable from him for that period, and which in that case is not to be computed in

157 BENGAL. CIVIL ANNUITY FUND.

the term of service necessary to qualify him for the acceptance of an annuity.

15th. The resignation of the Honourable Company's services is an essential condition to entitle an individual to an annuity from the institution, and annuitants will not be permitted by the court to return to the service: it is therefore provided, that should any member fail, on or before the first of July of the year with which annuity accepted by him may commence, to comply with the said condition, he shall be considered to have forfeited his right to an annuity from the institution for that year. It is likewise provided, that when a member, accepting an annuity, shall resign the service before the first day of July, but after the first day of the year with which the said annuity is made to commence, he shall, in such case, at the close of that year, only draw the annuity from the date of his resignation, a sum proportionate to the time intervening between the first day of the year and that date, being deducted for the benefit of the institution.

16th. The fund is open for the subscriptions of all covenanted civil servants upon the Bengal establishment, including such as may be in England, and who have not either finally resigned the service, or protracted their absence from India beyond the prescribed term of five years; each civil servant now residing in India shall be specially invited to join the institution, as shall those subsequently arriving, whether they be returning to the service, or newly appointed to the same; and the following shall be excluded from ever becoming members of the institution, viz. those residing in India, who may fail to signify in writing their consent to join the institution on or before the first of May 1826, next; and those returning to, or for the first time arriving in the country, subsequent to the present date, who may commit a similar default within six months from the date of their return, or arrival in the country, respectively; provided, however, that no person, not in India, nor on his passage thither upon the first of May 1825, shall be entitled, on subsequently returning to the country from England, to receive an annuity under the rules of this institution, except after residence in the country for a period of five years from the date of such subsequent arrival.

17th. The affairs of the institution shall be managed by a committee of nine, of whom four shall be ex-officio, the chief secretary to government, the accountant-general, the sub-treasurer, and the civil auditor. The other five shall be subscribers, and elected at a general meeting. The members of the committee shall be also the trustees for the funds of the institution.

18th. The sub-treasurer of the government shall, with the permission of the Governor General in Council, be requested to act as treasurer to the institution, and the funds, as well those set apart for the payment of annuities as those arising from the accumulation of capital, shall be deposited in the public treasury, subject to the direction and control of the trustees and managers of the fund.

19th. For the management in England of such affairs as the members cannot personally conduct, an agent or agents shall be appointed by the managers and trustees in India, if such shall still be the wish of the service.

20th. The committee of managers, or the majority of those present at a meeting of five or more, or if less than five be present, any three members of the committee, who may concur in opinion, shall be competent to decide in the first instance upon all matters relative to the receipts and disbursements of the fund, as well as generally upon all subjects connected with the management of the fund, and the due execution of the rules established for it, which, by such rules, may not have been expressly reserved for determination by the general meeting of the subscribers to the fund.

21st. But the decision of the committee of managers, in all cases, shall be liable to revision and control by the resolution of the subscribers duly passed at a regular general meeting.

22d. The committee of managers, who may be appointed in the first instance, shall be authorized to appoint a secretary and accountant to the fund, and to fix such allowance for him, payable from the fund, as they may consider adequate to his services. The officers so appointed shall act under the direction of the committee of managers, and shall also attend the general meetings of the subscribers, the proceedings of which, and of the committee of managers, and generally all papers appertaining to this institution, which may not be intrusted to the treasurer in India, or to the agents in England, shall be kept under the charge of the secretary and accountant to the fund, and shall, by application to him, or the committee of managers, be open to the inspection of any of the subscribers to the fund.

23d. All future appointments to the office of secretary and accountant to the fund, as well as the appointment of any other person whom the managers may find it necessary to employ for the due execution of the trust committed to them, shall, in like manner, be made, and their allowances fixed by the committee of managers, subject, as in all other cases, to the control of the general meetings of the subscribers.

24th. In the event of any of the five managers who may be elected annually being subsequently removed from the presidency, without any intention of returning to it during the year of their election, it shall be communicated to the subscribers at the next general meeting; and in such instances, as well as in all instances of vacancy in the situation of manager, by death or otherwise, a new election, if it appears necessary, shall take place for the unexpired part of the current year.

25th. A general meeting of the subscribers shall be held at the Town Hall in Calcutta, on the first Monday of the second month of every year (or as soon afterwards as the accounts can be made up and prepared for inspection), to receive and audit the accounts of the preceding year, and to decide on any questions which may arise

or be referred. The committee of managers, or any nine members of the institution, may also convene a special-general meeting at the presidency, by public notice in the Government Gazette, if at any time there shall be found occasion for it, provided that the days fixed for holding such special meetings, and the object of them, be advertised at least six weeks before the same are held, for the general information of subscribers.

26th. All questions proposed at the general meeting, whether annual or special, shall be determined by a majority of three-fourths of the members who may either be present at such general meetings, or vote thereat by proxy; but the concurrent voices of nine members, at least, shall be requisite to determine upon any question whatever; and upon all general questions involving any increase or diminution of the rate of contributions now fixed, or any essential addition to, or alteration in, the original rules and principles of the institution, which are now established, all subscribers in India who may not be able to attend the meeting in person, shall be allowed to deliver their sentiments and votes by a written communication, to be signed by them, and addressed to the chairman of the meeting; provided always, that no decision upon such question shall be valid, or have any effect until sanctioned and approved by the Court of Directors of the East-India Company, to whom all parties, considering themselves aggrieved by such decision, shall have a right of appeal, and the decision of the Court of Directors shall, in all cases, be final.

27th. In discharge of each annuity of 10,000 rupees granted by the fund, the sum of £1,000 sterling shall be paid to the annuitant through the Company's treasury in London, at the close of the year in which the annuity may commence, the managers of the fund undertaking, at that period, to pay over to the Government of Bengal the sum of 10,000 rupees for each annuity so payable, under the principles upon which the Company's contribution to the fund is to be regulated.

28th. The right of an annuitant to receive the annuity for any particular year shall depend on his having survived that year.—(See modified Rules 33, 34, 40.)

29th. The actual value of an annuity on the life of any subscriber shall be determined by the table annexed hereto. The rates exhibited by this table shall be revised and altered by a decision of a general meeting, should experience and the fluctuation of interest suggest the necessity of such an arrangement: provided always, that any alteration therein shall not take effect until it has been sanctioned and confirmed by the Court of Directors of the East-India Company, whose decision shall be final.

30th. To determine the accumulated value of the contributions of any subscriber, the accountant shall keep separate accounts for each member, and these accounts shall be annually made up with the rate of interest allowed by the Company.

31st. At the close of every third year the managers shall, according to the next table, calculate the actual values of the pend-

ing annuities, and shall then compare the total of their values with the assets belonging to the appropriated funds of the institution; should those assets exceed in value the said total, the difference shall be carried to the credit of the unappropriated funds of the society, and be available for the purposes of the institution; on the other hand, should the value of the said assets be less than the total aforesaid, the deficiency shall be supplied by a transfer from the latter fund to the former.

32d. An annuitant, upon becoming such, shall be furnished with a formal certificate declaratory of his admission to the annuity, under the hands of not less than three of the managers of the fund. A duplicate of the certificates must be furnished to the Bengal Government and forwarded to the Court of Directors in London.

33d. In modification of the 28th Rule of the Institution it is hereby provided, that from and after the 30th April next ensuing, annuities will be granted to retiring members of the service, entitled to and claiming the same, payable to the date of decease, on their entering into a written engagement, binding themselves to pay, if so required by the Honourable the Court of Directors, a sum equal to half the value of the benefit derived under this condition. The computation of the said value will be made according to the annexed Table, unless otherwise ordered by the Honourable Court of Directors, to whose correction the calculations are subject.

For every annuity made payable to the date of decease under the above rule a sum equal to the discount value of the additional payment stipulated as entered, in the table annexed, or in any corrected table that may be substituted for the same in the Court of Directors shall direct such substitution, shall be transferred in the accounts of the Institution to the head of appropriated assets, in order to cover the additional charge to the Fund arising from such payment.—(See Table II.)

34th. In further modification of the 28th Rule above referred to, it is hereby provided, that from and after the 30th April 1835, annuities will, at the option of retiring servants, be given payable either as at present at the close of the year, or quarterly after each three months of the year. Provided, however, that for every annuity made payable quarterly, an additional sum equivalent to this advantage, computed according to the table annexed, shall be transferred to the head of appropriated Funds in the accounts of the Institution, in order to cover the additional charge to it from this alteration in the mode of payment.—(See further modification in Rule 40.)

35th. On the 1st May 1836, the managers of the Institution shall declare and publish the number of unaccepted annuities remaining up to that date, and the value thereof, which value shall be computed by assuming for the unaccepted annuities of each year since the Annuity Fund Institution was established, a value calculated for the average age of the servants who retired in that year. Two-thirds of the aggregate amount of such valuation shall be declared to be a fund available to provide for three years from

that date, annuities at a quarter value to retiring civil servants duly qualified. The other third of the above valuation shall be forthwith carried to account as part of the fixed balance of the fund. In like manner on the 1st of May of every succeeding year, the managers shall declare and publish the number and value of the unaccepted annuities of the preceding year, that is to say, the number of the nine annuities at half value available annually for retiring servants which have not been claimed and taken within the year, and the same shall be valued according to the average of the ages of the servants who retired in the year upon such annuities, or if there be none of these taken in any year, then upon the assumption of the age of forty-five years, for the value of each annuity. Two-thirds of the aggregate value of such unaccepted annuities shall be declared and published, as above, to be the fund available to provide for three years thereafter annuities at a quarter value to retiring seniors, the remaining third being added to the fixed balance of the fund, as above provided.

36th. Civil servants *duly qualified by service and residence*, who may be willing to retire on annuities to be granted upon payment of an amount equal to one-quarter of the value thereof, are required to make application for the same within three months from the date of the above declaration being made and published by the managers of the fund. So far as the surplus available shall permit, annuities on the terms stated shall be given to the senior servants so applying, in the order of their seniority, and if the subscriptions of any servant, to whom such an annuity may be awarded, shall have exceeded in amount one-quarter of the value of the annuity, the excess shall be refunded to him out of the surplus declared. If the subscriptions be not equal in amount to one-quarter of the value of the annuity, the retiring servant shall make good the deficit before obtaining the certificate entitling him thereto. If he do so before the 1st May and shall have then retired from the service, his annuity will commence from that date. If he complete his payments and retire at any subsequent date of the same year, the value of the annuity will still be calculated as from 1st May, but the retiring servant will receive only the fractional portion of the annuity for the first year, calculated from the date of such payment and retirement, and his subscriptions after the 1st August shall not be credited in his account, but shall accrue to the fund, together with the unpaid portion of the annuity. If the applicants within three months, as above, do not by their annuities and by the refunds stated consume the entire declared surplus, the remainder shall be available to furnish annuities to any qualified senior servant who may apply for the same at any time within three years from the date of the declaration, and such annuities shall be given to applicants for the same in the order of application until the entire declared surplus is appropriated. For every annuity granted, an equivalent sum to the value thereof, according to the tables of the fund, shall be written off from the declared surplus and credited to the appropriated funds of the institution; and if at the end of three years from the date of decla-

ration, there shall remain any part of the declared surplus still unappropriated, such remainder shall lapse and be added to the fixed unappropriated balance of the fund.

37th. Civil servants who may not have completed the full period of twenty-two years' residence in India, and twenty-five years of service, but who may be compelled to retire from the service by sickness, duly certified as below provided, shall be entitled to receive from out of the declared value of the unclaimed annuities of any given year before the appropriation of the two-thirds, and one-third are made under the above rule, as follows :—

If they have not completed ten years of residence, a donation of	Sa. Rs. 5,000
Or	£500
If they have completed ten years of residence, but not more than fifteen, an annuity of.....	£250
Or	Sa. Rs. 2,500
per annum, on payment, including the amount of their subscriptions, of one-half of the value thereof, according to the tables and rules of the fund.	
If they have completed fifteen years, an annuity of	£500
Or	Sa. Rs. 5,000
on the same terms.	

To entitle a junior to the above benefits, it will be necessary for him before leaving India to furnish to the managers of the fund a certificate from his medical attendant, countersigned by a member of the medical board in Calcutta, certifying that he is, from some permanent cause or complaint, incapable of rendering further service in the climate of India, and this certificate must, in each instance of retirement, be confirmed in England by the examining physician of the Honourable Court of Directors, after the servant so retiring has resided at least one year in England.

38th. The 35th and 36th of the above Regulations are to be continued in force for three years from the 1st May 1836, unless the Honourable Court of Directors sanction their further continuance, whereof notice will be published in the *Gazette*. If by the sanction of the Honourable Court they be established as permanent rules of the fund, it shall nevertheless be competent to a majority of the subscribers in India, whenever they shall be satisfied that the number of annual retirements from the service is such as to require that all the annuities of each year should be reserved to meet the applications of candidates in future years, to suspend the operation of the above rules, by a resolution to that effect, duly passed at a general meeting.

39th. In modification of the third rule of the regulations of the fund, it is provided, that it shall be competent to any servant duly qualified by residence and service, to receive the annuity, whether granted to him at half or at a quarter value, either in India or in England, subject only to the condition of previous resignation of the service, and of the acceptance of such resignation by the Government or by the Court of Directors.

163 BENGAL. CIVIL ANNUITY FUND.

40th. In modification of the rules adopted by the service on the 7th March 1834, it is hereby provided, in conformity with the instructions of the Honourable Court of Directors, that annuitants desirous to have their annuities paid to the date of decease, or to have them paid quarterly, will be entitled to these advantages upon payment, in addition to the half or quarter value of the annuity, as the case may be, of the full value stated for the same in the Table annexed to the said rules; but no annuitant shall be permitted to take the quarterly payment alone without at the same time taking the benefit of the rule for obtaining payment to the date of decease.

* The periods at which the quarterly payments will be made are the first days of February, May, August, and November, in each year.

*Instituted October 1804.**Managers and Trustees :*

C. Tucker,	<i>Ex officio.</i>
W. Braddon,	Chief Secretary.

J. P. Grant,	The Sub.-Treasurer.

Agents in England,

Henry Stone | Henry Alexander

Sir Charles Cockerell and Co., *Agents in England.*

These Regulations are under revision.

THE object of this fund is to provide for the maintenance of the widows and children of such of the subscribers as may not, at their demise, leave property sufficient for the subsistence and education of their families; also to assist in maintaining such of the subscribers themselves as may be compelled by sickness or infirmity to return to Europe, without an adequate provision for their support.

The following are the rates of contribution :

If the salary or other public allowances of the subscriber be not more than 1000 sa. rs. permensem, his monthly subscription to be	<i>Sicca rupees</i> 10
If more than 1000 and not above 2000	20
If more than 2000 and not above 3000	30
If more than 3000 and not above 4000	40
If more than 4000	50

The contribution payable by each subscriber is deducted from his monthly allowances by the sub-treasurer, collector, or other officer, paying the same, and transferred to the treasurer of the fund. The committee of managers may, in particular cases, admit a deviation from it, if a different mode of payment shall be desired by any subscriber.

All applications for admission to the benefits of the fund are to be made to the committee of managers; and to be accompanied with the necessary information, documents, and proofs, to enable the committee to ascertain the circumstances and situation of the party applying. The managers, after calling for any further information or evidence which may appear to them requisite, are to submit the whole case for the determination of the subscribers, at the next general meeting. In cases of emergency and distress, however, when the managers may consider the claim valid, they are authorized to advance such proportion of the fixed allowances hereafter specified as may appear to them indispensably requisite, until a determination can be passed by the subscribers.

Any subscriber to the fund who may be compelled by sickness or infirmity to proceed to Europe for the recovery of his

health, and shall not be possessed of sufficient means to pay for his passage to Europe, and support himself and family during his necessary absence from India, on his making a declaration upon oath to this effect, or otherwise establishing the fact, and producing a certificate of the necessity of his return to Europe, solemnly attested by the surgeon who has attended him, and countersigned by a member of the medical board, with the consequent permission of government for his proceeding to Europe, will receive from the fund a donation, equivalent to the Company's allowance for a twelvemonth to a servant of his rank when out of employ; viz. if he be a senior merchant, 4000 sicca rupees; if a junior merchant, 3000 sicca rupees; if a factor or writer, 2000 sicca rupees. At the expiration of one year, if the party be in Europe, a further donation shall be made to him, on his application to the agents for the fund in England, equal to that advanced to him upon his embarkation from India; at the exchange rate of two shillings and sixpence for the sicca rupee, viz. £500, £375, or £250, according to his rank in the service at the time of his leaving India. Should the imperfect recovery of his health render it necessary to protract his stay in Europe beyond the second year; and, besides his own declaration upon oath to this effect, he shall produce to the agents for the funds in England, a certificate solemnly attested by a respectable physician, or other professional gentleman of established practice, that the state of his health has not admitted of his previous return to India, he will, at the commencement of the third year after his embarkation from India, receive, from the agents in England, a donation equal to a moiety of the amount paid to him in the preceding year, and another moiety on a similar declaration and certificate at the end of six months, viz. two years and a half after his embarkation from India, if he be still in Europe, which is to be considered to include all claims whatever upon the fund to the period of his return to India: passage money is granted, in cases appearing to require it, in addition to the sums above specified, and in such cases the amount is to be determined by a general meeting of the subscribers.

On the death of any subscriber to the civil fund, who may not be possessed of property sufficient to provide for his family, and may, consequently, leave a wife, cohabiting with him, or maintained by him and living under his protection to the period of his decease, without an adequate provision for her support, as hereafter specified; if, on the information, documents, and evidence, which may be submitted by her to the managers of the fund, it shall appear to the satisfaction of a general meeting of the subscribers that she is a proper object, a pension is to be assigned to her, under the provisions and limitations stated in the following article. Provided that nothing contained therein, or in any other part of the rules for this institution, shall be considered to entitle to the benefits of it, any widow, who may have been legally divorced or separated from her husband for adultery; or who, at the period of her husband's demise, may have quitted his pro-

tection, and be living in a state of notorious adultery, though not divorced or separated from him by law.

First. If the widow, at the time of her husband's death, be resident in India, and be left without an income exceeding one hundred rupees per mensem, a pension to be assigned to her of three hundred rupees per mensem, during her residence in India. If the widow be not resident in India at the time of her husband's death, or shall afterwards quit India, and her income, from her husband's estate or otherwise, shall not exceed one hundred pounds per annum, the pension to be assigned to her to be three hundred pounds per annum.

Secondly. If the income of the widow, resident in India at the death of her husband, be more than one hundred sicca rupees per mensem, but exceed not four hundred rupees, or if the widow be not resident in India at the time of her husband's demise, or shall afterwards, quit India, and her income be more than one hundred pounds per annum, but shall not exceed four hundred pounds per annum, the pension to be assigned to her is to be such as will make up her income to four hundred rupees per mensem, during her residence in India, or four hundred pounds per annum in Europe, or elsewhere.

Thirdly. In the event of a widow, to whom a pension may have been assigned, acquiring subsequently, by inheritance, bequest, or otherwise, any property or income which, with the property left to her at her husband's decease, and the pension received by her, may render her total income, including her pension from the fund, more than five hundred rupees per mensem, during her residence in India, or more than five hundred pounds per annum in Europe, or elsewhere, her pension from the fund is liable to abatement, proportioned to the excess of her entire income, including the pension, above the sum specified; or to be altogether discontinued, in the event of her property or income, exclusive of the pension assigned to her from the fund, being equal to the full sum of five hundred rupees per mensem in India, or five hundred pounds per annum in Europe, or elsewhere.

Fourthly. All pensions of widows are also liable to discontinuance on their re-marriage. But in the event of their being again left in a state of widowhood, without an adequate provision for their support, they may be again admitted to the benefits of the fund, under the same provisions and limitations as on their original admission.

Fifthly. The pensions to widows, who may be admitted to the benefits of the fund, are to be paid in advance half-yearly to themselves or to their authorized agents. But the acknowledgment of the widow herself shall be taken for all sums paid in her behalf; and shall contain a solemn declaration that her entire income, including the pension received by her, does not exceed the sum limited above.

Widows are, if they have no means of paying for their passage to Europe, supplied from the fund with such sum as may appear requisite for that purpose.

If any subscriber to the fund shall die without the means of providing for his family, and shall consequently leave a child or

children, born in wedlock, without an adequate provision for their maintenance; and on the information, documents, or evidence which may be submitted in their behalf to the managers of the fund, it shall appear to the satisfaction of a general meeting of the subscribers that they are proper objects, an allowance for their maintenance and education shall be assigned from the fund, under the provisions and limitations contained in the following article:

First. If the child or children of the deceased subscriber be left without any provision, the allowance for the education and maintenance of each child to be granted from the fund, in India or in Europe, is to be according to the age of the child, as follows, *viz.*

Till five years of age, thirty rupees per mensem in India; or thirty pounds per annum in Europe.

From the commencement of the sixth year, to the end of the eighth, forty rupees per mensem in India; or sixty pounds per annum in Europe.

From the commencement of the ninth year, to the end of the eleventh, fifty rupees per mensem in India; or eighty pounds per annum in Europe.

From the commencement of the twelfth year, sixty rupees per mensem, in India; or one hundred pounds per annum in Europe.

Secondly. If any provision be left by a subscriber for his child or children; or if after his death they shall at any time become possessed of property or income by inheritance, bequest, or otherwise, but not such as to afford the sums specified for their education and maintenance; the allowances to be granted from the fund are to be such as, in addition to the property or income possessed by them, will make up the several sums above specified, according to their respective ages; and as they may be resident in India or in Europe.

Thirdly. In the event of the property or income left to the child or children of a subscriber, at his demise, or which may subsequently devolve, or be in any wise acquired by them, being such as to afford the full amount specified for their education and maintenance, they are not considered entitled to any allowance from the fund; and any allowances which may have been granted before such accession of property or income are to be discontinued.

Fourthly. The allowances granted from the fund, for the maintenance and education of children, are to be paid in advance half-yearly, to their guardians or relatives, or to such persons as may be intrusted with the disbursement of the sums allotted for them, either by the managers of the fund in India, or by the agents to the fund in England; who from time to time are to adopt such measures as may appear necessary for the purpose of ascertaining any accession of property, which would render the allowances from the fund liable to abatements or discontinuance.

Fifthly. The provision so made from the fund, for the maintenance and education of female children, ceases on their marriage, or on their being settled in any profession or employment; and the provision for male children ceases on their being settled in any pro-

fession or employment, or on their attaining the age of twenty-one years. But any requisite sum, not exceeding five hundred pounds, may be appropriated to the benefit of male or female children by the managers of the fund in India; or by the agents of the fund in England, at the time of their marriage, or of their being settled in any profession.

For children who may be in India when admitted to the fund, and who may be sent to England for their education, with the concurrence of the managers, passage money, if requisite, is to be supplied from the fund, not exceeding one thousand sicca rupees for each child. An allowance for passage money, not exceeding one hundred pounds, also to be granted if it appear necessary, for the return to India of any children admitted to the fund, who, after completing their education in Europe, may return to India.

In all cases of application being made to the fund for assistance to the family of a deceased subscriber, an authenticated copy of the will of the deceased, or, if he shall have died intestate, a full authentic statement of any property left by him, and of the legal heirs thereto, must be submitted for the information of the managers and subscribers. A general meeting of subscribers has full power to reject the application for aid from the fund, where it may appear that a subscriber, leaving property, has made an improper devise of it, with a view to throw his family upon the fund, or has purposely neglected to make a disposition of his property for the benefit of his family.

Those who may arrive in India, and subscribe to the fund, are considered subscribers from the time of their arrival at Fort William, or from the commencement of any allowances receivable by them as civil servants of the Bengal establishment. But no civil servant of this presidency in India, who may not accept the invitation given to him by the preceding article, within six months after his arrival in India, shall be admitted to become a subscriber.

The contribution of every subscriber to the fund ceases upon his having India, to return to Europe; but in the event of his returning to India, and again receiving allowance from the Company, he is to renew his contribution from the commencement of such allowance.

If a subscriber to the fund, at the time of his retiring from the service to return to Europe, shall have contributed, by his previous monthly payments to the fund, the principal sum of five thousand sicca rupees; or if, on his quitting the service, he shall pay to the fund what may be wanting to complete his contribution to that amount; such contribution shall entitle the family of the subscriber, on his demise, to the benefits of the institution, under the several provisions herein-stated, or such as may be hereafter established, in like manner as if his death had taken place during his residence and actual subscription to the fund in India. The family of any subscriber to the fund, who may die during his temporary absence from India for the recovery of his health, are also considered entitled to the benefits of the fund, under the existing rules of it, whether such subscriber may have contributed more or less than five thousand sicca rupees. In all other cases, if the deceased

member of the institution shall not have been an actual subscriber to the fund at the time of his death, and shall not have contributed five thousand sicca rupees to the fund, it shall be at the option of the subscribers to admit his family to the benefits of the fund or otherwise.

If a subscriber to the fund shall be dismissed from the service, he shall cease to be entitled to the benefits of the institution, and, in the event of his death, his widow and children shall, in like manner, have no claim to the benefit of the institution.—But on his dismissal the amount of his actual contribution to the fund, without interest, shall be returned to him; unless his circumstances should be such, as would have wholly precluded him and his family from any benefit if he had remained a member, in which case he shall not be entitled to receive back any part of the amount contributed by him.

If a subscriber to the fund shall be suspended from the service he shall, during the period of his suspension, cease to be entitled in his own person to the benefits of the institution; but, in the event of his restoration to the service, he shall be restored to his former right; and if such subscriber shall die during the period of his suspension, his widow and children shall be entitled to the benefits of the institution in like manner as if he had not been suspended.

If a married subscriber to the fund shall proceed to Europe, otherwise than under medical certificate and as an incumbent upon the funds of the institution, it shall be optional with such subscriber in order to secure to his family the benefits of the institution, in the event of his death while absent from India, either to make up his subscription to the sum of Sa. Rs. 5,000, or to secure a continuance of the payment here, during his life, or monthly subscription to the fund at the average rate paid by the subscribers of the same years standing upon the civil list: Provided however that no subscriber shall be permitted to avail himself of the above rule for a period exceeding five years, from the date of his departure; nor will any subscription at the average rate be received after the expiration of that period: Provided further, that in case the average payments above described shall be discontinued, for a period of one year consecutively, the same shall be held and deemed to be a resignation and abandonment of the institution, and the family of the subscriber shall not have any claim upon the fund, upon payment of the arrears due; except upon good and sufficient cause for the omission being shown to the satisfaction of a general quarterly meeting of the subscribers.

That the allowance drawn from the fund by civil servants proceeding to Europe on sick certificate be recoverable from them on their return to the service, without interest, by monthly instalments, not less than three times the amount of their monthly subscription: while out of employ, or receiving less than 1,000 per mensem; and not less than ten per cent. on their salary and other allowances, when drawing 1,000 rupees per mensem or upwards.

1st. Officers or cadets in the military service of the Honourable Company under the Presidency of Fort William.

2d. Chaplains of the Bengal establishment.

3d. Officers of the Bengal medical establishment.

4th. Officers of the Bengal establishment on the retired list.

2. Individuals of the descriptions enumerated in the first article, who may not have signified their wish of becoming subscribers within six months of their admission on the establishment, shall only be admissible on obtaining the sanction of a majority of the subscribers, and on the following conditions :

1st. That the application for admission be accompanied by the certificate of two surgeons, that the person desiring to subscribe is then, to the best of their knowledge, in good health. This certificate being confirmed by the declaration to the same effect, from the person so applying to be admitted. Applications from married officers being also accompanied by a certificate of their marriage.

2d. That donations and arrears of subscription, according to the rank at the time of admission, be paid with compound interest on those sums accumulated half yearly, at the rate of eight per cent. per annum. The arrears to commence from the date of the institution of the fund, or from the entrance of the person into the service, if subsequent to the institution of the same.

3. A subscriber withdrawing from the fund, forfeits, *ipso facto*, all claims to its benefits, as also the amount of his donation and subscription, and all other sums which he may have paid up to the period of his secession. Should he afterwards be desirous of again becoming a subscriber, he will be admissible on the same terms as a new subscriber, as described in the second article.

4. Subscribers who may retire from the service on the prescribed pension of their ranks, or in ill health before entitled thereto, or who may return permanently or upon furlough to Europe, shall not forfeit their title to the benefits of the fund, provided they continue the regular payments of monthly subscription of their ranks, agreeably to the rates laid down for each rank in Table No. 2.

5. Subscribers not in ill health retiring from the service before they are entitled to the full pension of their rank, shall not forfeit all claims on the Institution, provided they continue to pay the Indian rates of subscription of their respective ranks.

6. Officers are permitted to subscribe according to army rank, subscription, and donation, as in every other case, being calculated from date of such rank.—Under this rule, medical officers may subscribe as captains after fifteen years service.

The subscription of cadets to be calculated at the rank of ensign.

8. Subscribers may redeem by a single payment the periodical subscription exigible under Art. 7, the equivalent sum being determined on this principle.

The amount of yearly subscription shall be multiplied by the value of an annuity of one on the subscriber's life according to his age; that value to be taken from a table, of which the following is a specimen. On promotion, the subscriber will be liable to pay difference of donation, and to pay or redeem difference of subscription.

40	8 15 0

50	8 0 8

9. Subscribers on promotion shall be required to pay the difference of donation between their former and increased rank, as married or unmarried, agreeably to the rates specified in Table No. I. whether in India or Europe.

10. The donation may be paid at once, or by monthly instalments, not exceeding twelve, at the option of the subscriber, in failure of which all claims shall be forfeited upon the fund, either for himself or widow, unless the amount be paid with interest at 12 per cent. per annum from the day of admission.

11. Monthly subscriptions of subscribers shall be paid within four months after they become due, on pain of exclusion from the society or forfeiture of double the arrears of subscription, except satisfactory reasons can be assigned for the delay of payment. Officers authorizing their paymasters to deduct their subscriptions from their monthly pay, shall not be subject to the above penalty; but shall nevertheless be responsible for the arrears, in case it shall appear that the paymaster has neglected to make the proper deductions; if payment be then refused, the name to be struck off, if the party entered the service before subscription was made compulsory. Arrears which may be due to the fund by a subscriber at the time of his death, will, if not discharged by the paymaster of the corps to which the deceased was attached, or by his executors or agents, be deducted from the pension of his widow.

12. All subscribers marrying after their admission into the fund, and who may be desirous that their widows should possess claims to the eventual benefits of the fund, are required to inform the secretary of their marriage; and, unless this information be given, and payment of the additional donation made within six months after such marriage, the subscribers shall be required to pay double the amount, with interest.

13. Subscribers who may be prevented from drawing pay from a temporary cause over which they had no controul, such as captivity, or furlough extended on medical certificate, shall, during such period, be exempted from the payment of monthly subscription, without forfeiture of the rights of the subscription; but on the removal of such incapacity, and upon the receipt of pay, the arrears are to be made good within six months. But if the incapacity to pay proceed from any other cause, dependant upon the choice or conduct of the individual, such as furlough extended on private affairs, or any penal suspension from rank and pay, not only shall the arrears so accumulated be paid within the above term, but compound interest charged on the amount.

Section III.—Benefits derivable from the Bengal Military Fund.

14. The benefits derivable from the Military Fund are twofold:

- 1st. Such as are granted by the regulations to subscribers' while living.
- 2d. Such as are granted to widows of deceased subscribers.

15. The benefit granted to subscribers while alive are considered personal, and subject to the decision of the directors for the time being, who will be guided in their decision on each claim by the regulations of the fund, except when they have reason to entertain doubts with respect to any such claim; it will in such cases be their duty to call for further information from the claimant; and, if this information should not be satisfactory to the directors, they are authorized to withhold the payment of the claim.

16. A subscriber of whatever rank, who may proceed to Europe on sick certificate, and who may not be allowed passage-money from Government, shall be authorized to apply to the Military Fund for the sum of sicca rupees 1,500 to defray the expence provided his application shall be accompanied by a sincere and solemn declaration that he does not possess the sum of rupees 5,000, or property of any description to that amount; and also shall be entitled on his return to India to receive from the agents in England the sum regulated for the outward passage* on the production of a similar declaration.

17. A subscriber so proceeding to England on sick certificate, shall be authorized to apply for the further sum of rupees 400 for his equipment, his application being accompanied by a solemn and sincere declaration of his not being possessed of the sum of rupees 2,000, or property of any description to that amount; but no allowance will in any case be made for equipment to a subscriber returning to India.

N.B. The benefits held out in the two preceding articles should be applied for when claimable; and no claim will be admitted, which is not preferred within twelve months from date of furlough.

18. Subaltern officers proceeding to England on sick certificate who shall make a solemn and sincere declaration that they do not possess property which will produce an income of £50 per annum, shall be allowed that sum annually during the period of receiving English pay on furlough. The declaration to be renewed annually.

19. It having, however, been deemed necessary to set limits to the claims for gratuitous passage-money, equipment allowance, and income to subscribers proceeding to England on sick certificate, no subscriber shall consequently be entitled to this indulgence more than once in eight years, reckoning from the renewal of Indian subscription.

20. Subscribers proceeding to England from any place not under the presidency of Bengal, shall be entitled to the personal benefits which have been above enumerated, provided they shall have complied with the local regulations, and shall make immediate communication of the circumstances to the directors of the fund.

Captains	125
Subalterns.....	110

21. The second class of benefits, namely, those granted to widows of deceased subscribers, are absolutely not dependent on the decision of the directors, but controlled solely by the regulations of the institution.

22. The widows of deceased subscribers shall be entitled to receive the annuities specified in the annexed table.

Provided that nothing contained herein, or in any other part of these rules of the institution, shall be considered to entitle to the benefits of it any widow who may have been legally divorced or separated from her husband for adultery, or who, at the period of her husband's demise, may have quitted his protection, and be living in a state of notorious adultery, though not divorced or separated from him by law, or who subsequent to her husband's decease may be living in a notorious state of incontinence.

23. If a widow pensioner on the fund marries, her pension is to cease during her coverture; but in the event of her again becoming a widow, she shall be re-admitted to all the benefits she may have enjoyed from the fund during her first widowhood, in like manner as if she had not re-married, but subject of course to all the limitations and conditions prescribed by the regulations in the first instance. If the second husband shall also have been a subscriber to the fund, the widow will receive, however, only one annuity, taking that which may be the greatest; that is to say, according to the rank of the first or second husband, whichever may be the higher.

24. Every widow benefiting by the Military Fund, and not provided with a passage to Europe at the expense of Government, shall be entitled (for one passage only) to an allowance of 2,000 sicca rupees, provided the directors shall be satisfied, after due inquiry, that from the indigence of her circumstances she has a reasonable claim to such assistance from the Fund.

25. Should the fund, however, at any period fall short of the demands upon it, so that the annual income will not defray the amount of the annuities and other claims, then it shall be in the power of the directors, after submission to the army, to make a proportionate deduction from the annuity of each annuitant, excepting always the present annuitants of the Bengal Widows' Fund, and from the payments to other claimants above the rank of subaltern, until the state of the fund shall afford the means of complete payment; when, if a surplus income exists, the arrears shall be made good from the amount of the surplus, but not otherwise.

Section IV.—General Regulations.

26. The Bengal Military Fund is to be administered by a president and twelve directors, to be chosen annually, on or about the 15th of January, by a general meeting of all subscribers who may be present at the presidency. Subscribers who may be absent from the presidency may vote for directors by proxy, on addressing to the secretary letters containing the names of the persons for whom they wish to vote, or by transmitting such names under their signature to the general meeting by the hand of any other subscriber. The directors who shall be found duly elected shall then choose their president from amongst themselves. The precise day and place of meeting shall be notified by the president, in the Calcutta Gazette, at least two calendar months beforehand.

27. At the annual meetings the accounts of the fund, and proceedings of the directors for the past year, shall be laid before the meeting, for inspection and approval by the subscribers present, who were not of the direction; after which the meeting at large will proceed to choose directors for the ensuing twelve months. The accounts to be published for general information.

28. The directors of the past year are eligible to be re-elected.

29. All subscribers who may have contributed to the fund by paying donations and subscriptions in their respective ranks, during six continued months before any meeting, are entitled to attend to examine the accounts and proceedings, and to vote for directors.

30. In the event of a vacancy in the office of directors occurring, in the intermediate period between two annual meetings, the directors may choose a successor from amongst the subscribers at the presidency, who may be eligible to the office.

31. On occasions of any particular and important business which may necessarily require the opinion of the society at large, special

meetings will be called of the subscribers at the presidency (others voting by proxy) as provided for in Article 26. Or if any alleged mismanagement, or other emergent cause, should occur to any twelve subscribers to require the notice of the society at large, a special meeting shall be summoned by the president on the written requisition of such twelve subscribers under the forms above prescribed.

32. The directors shall have a secretary chosen by themselves, who also shall be an accountant, with an establishment, upon such allowances as shall be deemed adequate to the respective duties.

33. The secretary will be expected to have an office at his own residence for the accommodation of the meetings of the directors, for the preservation of the records, and for the purpose of affording access to the officers of the army at large to the books of the institution.

34. The directors of the fund will hold regular monthly meetings; but no meeting of the directors consisting of a smaller number than five shall be competent to the transaction of business; and it will rest with any director, or with the secretary, to represent the occurrence of such necessity to the president, who will convene a special meeting within ten days from the date of his receiving the application: but no special meeting shall be called with the view of reconsidering resolutions which may have been already adopted by a former meeting of directors, unless at the requisition of a number of directors greater than that which attended such meeting.

35. The secretary will invariably lay before the directors, either at the regular or special meetings, all letters that may have been received by him since the last meeting. Minutes of the proceedings of all meetings will be recorded and authenticated by the signatures of the directors present. The secretary will also submit to the directors who attended, drafts of all the letters which in those meetings he may have been desired to write. Letters demanding an immediate answer, when such may be of an ordinary nature, may be replied to by the secretary, without waiting for a meeting of the directors; but every letter proposed to be dispatched by the secretary, must previously receive the special sanction of one director, signified by his initials to the drafts, which will be sent to him for consideration.

36. The secretary will keep the set of books in use in the Military Widow's Fund, under instructions which he may receive from time to time from the directors of the funds.

37. The books and correspondence of the fund shall be at all times open to the inspection of subscribers.

38. When any new regulation shall appear to the directors to be advisable, such regulation shall be circulated to corps for consideration, and the affirmative or negative of the majority of individual votes (to be ascertained at the expiration of four months) shall decide its adoption or rejection.

39. If any subscriber or claimant on the fund shall be desirous

to appeal from the decision of the directors to that of the subscribers at large, upon any subject which may not be specifically defined by the regulations, such appeal, provided it be approved by three directors, shall be referred by the directors and decided upon in the manner prescribed in the preceding article, and the decision upon such appeal, or that of the directors in cases not appealable, shall be final in all cases whatever; any further agitation of the question, by a process of law or otherwise, being deemed in itself to be an absolute forfeiture of all claim on the fund.

40. When a reference shall be made to the subscribers at large respecting either a proposed regulation, or an appeal, the result of such reference shall be communicated to corps for the information of subscribers.

41. Generally all payments due from the fund are to be made half-yearly in England, and monthly in India, but in cases when pensioners or claimants on the fund are about to embark for Europe, all arrears are to be paid up to the latest date practicable.

42. Any arrear which may be due to the fund, by a subscriber or by an annuitant who may have received an over-payment, loan, or advance, shall in all cases be deducted from the first payments to be made from the fund to the person owing such arrear.

43. All income derived from the Bengal Military Fund is declared to be unalienable, and the fact of attempting the alienation of such income in any manner, or under any pretence, shall be deemed in itself a forfeiture of all future benefits from the fund.

44. If a subscriber who may be dismissed from the service, by a court-martial or otherwise, shall afterwards be restored to the service, he shall be re-admissible to the fund on payment of the arrears that may have been accumulated, with compound interest thereon, in the same manner as if he had suffered only temporary suspension.

45. All property belonging to the Military Fund at any period shall be invariably vested in the Honourable Company's securities with exception of a small balance to meet current expenses, and monthly pensions.

46. The business of the fund in Europe shall be conducted through the agency of Sir C. Cockerell, Bart., and Co., who will from time to time receive the necessary instructions for their guidance, and to whom such applications will be preferred as cannot with equal convenience be submitted to the directors of the fund in India.

N.B. It was optional with the officers of the ranks superior to that of major to continue or discontinue their subscriptions; these being by the original law of the society voluntary and discretionary. And by a regulation of the Honourable Court of Directors, all cadets appointed to this presidency subsequently to the 8th April, 1807, are compelled to enter into a stipulation to contribute to the fund according to the foregoing rates, upon reaching the higher ranks. A great majority of those subscribers, who were not under any stipulation to continue their contributions after promotion to lieutenant-colonel, have, on attaining that rank, signified their assent to contribute on the above scale; and those who have declined subscribing after having attained the rank of lieutenant-colonel, are, by decision of the army, regarded as having thereby forfeited all claims on the institution.

Regulations for the Admission of Orphans.

That no child possessed of any property shall be admitted, unless the amount shall be lodged for its use and benefit in the society's funds.

That no child of any subscriber, dying intestate, shall be admitted, if on enquiry there shall appear to have been (after payment of lawful debts, an adequate provision made for the mother) property remaining to the estate, equal to making a provision for, and which might have been bequeathed to such a child.

In any case when an officer may die, leaving a natural born child or children, and possessed of property not sufficient to preclude the children from the benefits of the institution, and such officer shall not by will make such reasonable provision for these children as his circumstances may enable him, such children shall not be entitled to the benefits of the institution.

That when, in the will of any subscriber, part only of his children are provided for, and others either excluded by name, or otherwise not noticed in its provisions, such omission arising manifestly out of the intention of the testator, such exclusion or

omission shall be considered to invalidate the claims of all the children on the institution.

That all cases of capricious or unequal provision, which by favouring the mother preferably to the children, or one child in preference to another, shall appear calculated to throw all or any part of a subscriber's family on the fund, shall be considered to invalidate the claims of all.

That any provision by will or settlement for the widow of a subscriber greater than $\frac{3}{5}$ ths (three-fifths) of the property to be devised when there shall be only one child; $\frac{1}{2}$ (one-half) where there shall be two, and $\frac{1}{3}$ d (one-third) where there shall be any greater number of children than two; the remainder being in all cases considered the property of the child, or (in equal portions) of the children, shall be considered unequal, agreeably to the two foregoing articles, and invalidate the claims of the children accordingly. Provided always, that a provision for the widow, to the amount of 12,000 sicca rupees (sicca rupees twelve thousand), shall not be held to invalidate the claims of the child or children, although such sum may be more than three-fifths, one-half, or one-third of the property devised. The widow may likewise possess a further sum of 12,000 sicca rupees if derived from other sources than property left by her husband, as from her own parents, father, brother, &c., or the subscription of her friends; and in case that less than 12,000 rupees should be left by her husband, such sum as shall not exceed in all the amount of 24,000 rupees, without the claim of the orphans upon the fund being thereby affected.

That in all cases of children born not in wedlock, any provision for the mother exceeding sicca rupees 30 (sicca rupees thirty), if a native; if European, sicca rupees 50 (sicca rupees fifty), per month, the principle of such sum in all cases to be secured to the child or children, shall be considered in the same light as the above, and invalidate all claims upon the foundation.

9. That subscriptions for the families of deceased subscribers are in all cases to be regarded as available sources of relief to the funds of the society, and in that view are to be considered of, and judged by the foregoing rules, in the same manner as any other disposable property; *with this only exception*, that, whereas such subscriptions are for a joint benefit, and lodged in the hands of trustees, it shall not be indispensable that the orphan's portions (estimated as above) be paid as capital sums into the society's funds; but it shall be sufficient that the interest upon them be from time to time duly paid by the said trustees into the society's treasury, so long as the orphans continue an expense to the institution, to be appropriated to their maintenance, whether in Europe or in India.

That should such children be allowed to remain with parent or friend, the interest on their said portions will be calculated in part payment of the regulated monthly allowance, the society regularly paying or receiving the balance; but should they be placed

at Kidderpore, or under the management in England, the amount of interest on their several shares (calculated as above) must be paid into the funds of the society, on failure of which payment during a period exceeding 12 months, the said orphans shall be liable to be struck off the books of the institution.

That with a view to obtain the most correct information possible, as well on the foregoing as all other points affecting the interest of those children who may be offered to their guardianship, the general Management will and do expect (besides the customary affidavit) the fullest information from executors and others, and an unreserved communication of testamentary and all other documents, of which the nature of the specific cases may admit, and do reserve to themselves the entire right, conveyed to them by their original constitution, of rejecting orphans tendered without such information and documents; or if, on reference to them, there shall appear any evidence of design unnecessarily and intentionally to burthen the fund, by throwing on it those who might and ought to have been otherwise provided for.

12. That the marriage portion to female orphans shall in no case exceed sicca rupees 2,000; and if the ward claiming the dowry has property to an amount exceeding sicca rupees 3,000, the society will advance a sum that shall increase the amount to sicca rupees 5,000.

ART. 1. THE following description of persons under the Presidency of Madras, and they alone, are eligible to become subscribers to the fund :—1st. Cadets.—2d. Chaplains.—3d. Commissioned officers of the medical establishment.

2. Medical officers, who may signify their wish to become subscribers within six months after the date of their admission on the establishment, shall be admitted on the same terms as cadets, provided they are not married, and have not any legitimate offspring.† But chaplains or medical officers being married, or having legitimate offspring, shall be required (provided in the case of medical officers, their application be made within six months as above) to pay the donation and subscription of their actual rank, as married, with arrears of subscription, to be calculated from the date of their admission on the establishment, or from the date of the birth of the eldest surviving child, if the latter date be anterior; such arrears to be paid with interest accumulated half-yearly.

In addition to the above, a monthly subscription of one rupee, or 2s. 3d., is to be paid for each unmarried daughter, and for each son under twenty-one years of age, without distinction of the rank of the subscriber.

Note.—Subscribers are consequently required to report to the Secretary dates of birth and decease of all children.

2. Subscribers promoted while temporarily absent in Europe on furlough or sick certificate, are exempted during the period of their absence, from payment of the difference of donation laid down in table A., but are to pay up the arrears due by them on coming into the receipt of Indian allowances, by the regulated instalments.

3. On a subscriber in either of the classes paying up by personal donation and subscription added together without interest, the maximum fixed in table C, he shall be exempted from further contribution while he may continue in that class, with the exception of donation for daughters, and subscription for children, which will continue as otherwise provided in these Rules.

interest, (or the minimum fixed in table C,) shall be derived to the Fund from the subscriber, or in case of his death, from the amount payable to his family.—In calculating this minimum for any annuity, all payments made to the subscriber during his life from the fund, as far as the amount of his minimum shall be debited against his payments to it, as above, in order that the annuity may not be issuable in full until the regulated minimum on its account shall have been *bonâ fide* realized by the fund.*

* Thus in the event of a married Captain having received aid from the fund, the amount of such aid or part thereof, so as not to exceed the sum of 3,500 rupees, being the amount of his minimum, shall be debited against the amount of his contributions, the clear balance only, if any, being taken to constitute the minimum to be derived by the fund ere his family become entitled to receive the annuity in full. Should there be a balance against the subscriber, however, it will not be charged against the annuity, for which a fresh minimum only will fall to be recovered by the regulated deductions. For example—Supposing a Captain to have received aid to the amount of 4,000 rupees, and his payments to the fund to amount to 3,700, he will be debited as far as the amount of his minimum, 3,500, which will be considered as balancing that account, and the 200 rupees remaining will be credited to the new minimum required for the annuity.

5. The deductions on account of minimum required by the preceding article 4th, to be made from all benefits to subscribers (equipment allowance excepted), and from annuities, are to be regulated by the following.

6. The donation may be paid at once or by monthly instalments, agreeably to table A., at the option of the subscriber. If the subscriber, however, be promoted during the payment of these instalments, he must pay all instalments subsequent to the date of that promotion, at the rate of the donation of the higher rank.

7. Officers on their promotion will be required to pay up the amount of donation paid in table A., on entering each class.

8. Donation is in no case to be returned.

9. All subscribers as well widowers as bachelors, marrying after their admission into the fund, and who may be desirous that their widows or children shall possess claims to the benefits of the fund, are required to inform the secretary of their marriage, and of the payment of the additional donation as laid down in the fifth column, table A; and unless this information be given, and payment of the additional donation made within twelve months after such marriage, the subscriber shall be required to pay double the amount, with interest added half-yearly.*

10. In the event of a married subscriber dying before he has reported his marriage, his widow and children will have no claim upon the fund.

11. Any arrear, not sanctioned by the 6th article of this section, equal in amount to six months' subscription, shall subject the subscriber (owing it) to the payment of double the amount of the arrear (unless it shall be made to appear, to the satisfaction of the Directors, that such arrear arose from an unavoidable accident), and in failure of the payment of the forfeitures specified in this and the preceding article within twelve months after it shall be demanded, to the exclusion of himself and family from the benefits of the fund if admitted prior to the 30 April 1823, or if subsequent, to the exclusion of his family alone.

12. Subscribers who may be in the actual receipt of any periodical aid from the fund, shall *not*, during such period, be exempted from the payment of monthly subscriptions.

13. Subscribers who may be prevented from drawing pay by a

temporary cause, such as captivity, extended furlough, suspension from pay, or the like, shall during such period be exempted from the payment of monthly subscription without forfeiture of their rights; but upon the removal of such incapacity, and upon the receipt of pay, they shall be required to pay up all arrears due to the fund, within six months.

14. Married subscribers having daughters, and desirous that their annuities should be continued to them until marriage or death, are required within ten days from the date of birth of each daughter, to notify the same to the secretary, stating whether or not it is their intention to pay an additional donation of rupees 282.—In the former case, the amount will become due to the fund from the tenth day after birth, and must be paid within one year from the date thereof, failing in which the annuity will cease on the daughter's attaining the age of twenty-one. Subscribers in reporting payment of the donation are to state the christian name and date of birth of the daughter for whom paid.—A posthumous daughter, or a daughter whose father may die before payment of the donation as above, will be entitled to the advantage of this regulation, but the prescribed donation for her will be deducted from her annuity at the rate specified in Table D; and in the case of a daughter born in Europe or elsewhere, while the father is in India, the report must be made as soon as the event comes to his knowledge, the cause of the delay being explained at the time.

15. The like option is extended to subscribers admitted under the provisions of Article 2d, Section 1st, having daughters born anterior to their admission, for whom the above sum of rupees 282 is to be paid with compound interest at 8 per cent., calculated from their date of birth, within one year from the date of such subscriber's admission.

16. To obviate the inconvenience which might be occasioned by the neglect of article 14th, subscribers may, if they prefer it, notify to the secretary their wish to avail themselves of the rule for all daughters who may be born to them. In this case the daughters will be entitled to benefit, the donation for each becoming due and payable as before explained.

17. Officers retired on half-pay, or on Lord Clive's Fund, shall pay full subscription notwithstanding, according to their rank and condition; and they are accordingly required to continue the same towards their respective maximum, or failing so to do, and preferring the payment of half subscription only, their families at their death will be entitled only to half the benefits derivable from the fund.

Section III.—Persons entitled to the benefits of the Fund.

Art. 1. The persons entitled to the benefits of the fund are :

1st. All subscribers to the fund for such benefits as are personal, under the restrictions prescribed by the Regulations.

2d. All widows and legitimate children of those who were subscribers and were married on the 1st of April 1808, and the children of such previous marriages are entitled, without distinc-

tion, to the full benefits of the fund, either in quality of orphans, or in future, as widows.

Art. 2. Cancelled 17th October 1835.

Art. 3. Legitimate children of those who were married subscribers on the 1st of April, 1808 (provided they be the offspring of such marriages,) as also the legitimate descendants of those children, shall be entitled to the full benefits of the fund, either as orphans, or hereafter as widows.

Section IV.—Benefits derivable from the Fund.

1. The benefits derivable from the fund are two-fold. 1st. Such as are granted by the regulations to subscribers while living. 2d. Such as are granted to the widows and legitimate children of deceased subscribers.

2. The benefits granted to subscribers while alive are considered personal, and subject to the decision of the directors for the time being; who will be guided in their decision on each claim by the regulations of the fund, except when they have reason to entertain doubts with respect to any such claim. It will, in such cases, be their duty to call for further information from the claimant; and if this information should not be satisfactory to the directors, they are authorized to withhold the payment of the claim until the pleasure of the army at large be known, to whom the case will be immediately referred.

3. Eligible individuals who may have applied to the secretary for permission to subscribe within six months after their admission on the establishment, will be entitled at any time to the benefits of the fund.

4. A subscriber of the rank of captain, who may proceed to Europe on sick certificate, in conformity to the regulations of the army, and who may not be allowed passage-money from Government, shall be authorized to apply to the military fund for the passage-money regulated for his rank, viz. Capt. Rs. 1400; Subaltern Rs. 1,200, provided his application shall be accompanied by a solemn declaration upon honour, that he does not possess the sum of Madras Rs. 1,500, or property of any description equal in amount thereto. Passage-money is not allowed to field officers, except on loan.

5. A subscriber under the rank of field officer, who may have so proceeded to Europe, shall also be entitled on his return to India, to receive from the secretary in England the sum regulated for the outward passage, viz. Capt. £110; Subaltern £95, on the production of a solemn declaration upon honour, that he does not possess the means of paying for the same.

6. A subscriber proceeding to Europe on sick certificate as above, shall be entitled for his equipment to a further sum not exceeding Madras Rs. 200, and if married to Rs. 200 for his wife, and Rs. 100 for each child, his application being accompanied by a solemn declaration upon honour, that he does not possess, if a subaltern, the sum of Madras Rs. 1,000, a captain, Rs. 1,500, or a field officer, Rs. 2,000, or property of any description equal in

amount thereto; but no allowance will in any case be made for equipment to a subscriber returning to India.

7. Subscribers being subalterns proceeding to England on sick certificate, who shall make a solemn declaration upon honour that they possess no other income beyond the regulated pay of their rank, exclusive of any wound pension, shall be allowed the sum of £21. 7s. 6d. per annum for a lieutenant, and £44. 3s. 9d. for a cornet, second lieutenant, or ensign, commencing from the date of arrival in England, continuing so long as they shall be in receipt of pay there, and ceasing from the date of embarkation to return to India.—The declaration to be renewed half-yearly.*

8. Income allowance to sick subaltern officers at home will be increased to such officers as are married, or to widowers having offspring, as follows: £20 for his wife, and £10 per annum to each of his children. The latter allowance, however, to be reduced in the case of a plurality of children, in the manner prescribed by the 20th article of this section; provided, however, that such additional allowance for *the whole family* never exceed £48. 15s. for a lieutenant, cornet, second lieutenant, or ensign. A captain of engineers, artillery or infantry, in like manner, being at home on sick certificate *with a family*, will be entitled to a similar allowance *for his family*, provided he make the declaration prescribed for subalterns; but such allowance is never to exceed that granted to the family of a lieutenant. Captains of cavalry are not entitled to income allowance.

9. Subscribers proceeding to England on sick certificate conformably to the regulations, from any place not under the Presidency of Fort St. George, shall be entitled to the personal benefits which have been above enumerated, provided they shall have complied with the local regulations, and shall make immediate communication of the circumstances to the directors of the fund.

10. The personal benefits above enumerated are issuable in one instance only, and if required a second time, they will be granted only on loan under the regulations established in the 6th section, that is to say, a subscriber having once proceeded to Europe on the fund, has no further claim to gratuitous aid.

11. The second class of benefits (namely, those granted to widows and children of deceased subscribers) are absolute, not dependant on the decision of the directors, but controlled solely by the regulations of the institution.

12. The widows and legitimate children of deceased subscribers, shall be entitled to receive the annuities specified in the annexed Table E., provided they shall have paid up, previous to their decease, the minimum required by section 2d; but in cases where the minimum may not have been paid up, the annuities of the widows and children will be subject to a deduction, in the proportion specified in Table D., until such minimum may have been made good, when the annuities will be paid in full.

* Altered 1st December 1835, limiting the aggregate allowance to be drawn by a cornet, or ensign, to that of lieutenant.

This regulation applies only to those girls born subsequent to 15th October 1822; all those born prior to that period are entitled to the same privilege without payment of donation.

Provided that nothing contained herein, or in any other part of these Rules of the Institution, shall be considered to entitle to the benefits of it, any widow who may have been legally divorced or separated from her husband, for adultery; or who at the period of her husband's demise may have quitted his protection, and be living in a state of notorious adultery, though not divorced or separated from him by law; or who subsequently to her husband's decease may be living in a notorious state of incontinence.

13. The pension to boys may be anticipated by the parents or guardians at any time after such boys shall have attained their fifteenth year, at their then present value, as shewn in the following Table F., the parents or guardians granting a sufficient acquittance for the same; and such payment of anticipated pension will preclude any subsequent demand for pension, except when the

pension may have been anticipated during the life-time of the mother, and that she dies afterwards before the boy has completed his 21st year, in which case he shall be entitled to the difference of the sums opposite his age at the time of his mother's death for the £40 or the £60 annuities, in India or in England respectively, as the case may be.*

N. B. The *present value* is invariably to be paid, under the circumstances of the case, as the boy may be in Europe or in India respectively; and if the boy die at intermediate periods between the calculated half years, the due proportion shall be allowed for the broken period.

14. In cases where children may be bereft of both their parents, the guardians of such children will be entitled to receive their annuities, on production of the powers investing them with authority to act as guardians.

15. If a widow pensioner on the fund marries, her pension is to cease during her coverture; but in the event of her becoming again a widow, she shall be re-admitted to all the benefits she may have enjoyed from the fund during her first widowhood, in like manner as if she had not re-married. If her second husband

* For instance, if a boy in India, while his mother is living, anticipates his annuity at the age of 16, he will receive £165. 18s. 2d. only; but if his mother die when he is 19, he will then have to receive the difference between £73. 2s. and £109. 13s. or £36. 11s., in addition to the sum before paid to him.

shall also have been a subscriber to the fund, the widow will receive, however, only one annuity, taking that which may be greatest, that is to say, according to the rank of the first or second husband, whichever may have been the highest.

16.—Cancelled 17th October 1835.

17. Every widow benefitting by the Military Fund and not provided with a passage to Europe at the expence of Government shall be entitled (for one passage only,) to the allowance allotted for the rank of her husband, viz. colonel and lieutenant-colonel, Rs. 2,400; major, 1,800; captain, 1,512; subaltern, 1,500; or her making a solemn declaration upon honour that she does not possess the means of defraying the expence of her passage.

18. The passage-money for children proceeding to Europe, is fixed as follows, viz. £60 (or Rs. 525) for each child; but when two or more children go home together the allowance is to be reduced in the following ratio, viz. £3, £9, £18, £30, £45, as here may be 2, 3, 4, 5, or 6 children going together respectively, and in the same ratio for any greater number.

19. The half-yearly application of a widow for her annuity, admitted subsequent to the 15th Oct. 1822, is to be accompanied by a solemn declaration upon honour.

20. A widow having more than one child, shall have deducted from the aggregate of her children's annuity 1-20th part of one child's annuity (taken on the average of all their annuities) for the second child; 2-20th for the third child; 3-20th for the fourth, and so on for any number she may have above one, so that, for instance, supposing a subscribing major to leave a widow and six children (two in each class) she will have to receive from the fund for herself £181 11 3
For her six children £180 0 0
Less 15-20th of £30 or 22 10 0

Section V.—Eventual Benefits of the Fund.

1. Independent of the benefits which have been recited, the fund is considered as holding out the prospect of eventual benefits under the following circumstances.

2. If at any future period it shall be found that the funds of the institution afford a considerable surplus, after providing for the actual and probable applications for relief under the preceding articles, it shall then, and not otherwise, be competent for the directors of the institution, as the permission of the Hon. Court of Directors has been obtained, to afford the aid of the fund in the following case, viz. to subscribers compelled by ill health to abandon the country after ten years' service, and before they are entitled to retire on full pay, the regulated passage-money of their rank, and an annuity which shall render their total income, from whatever source derived, equal to the full pay of their rank.

3. If at any future period it shall be found that the funds of the institution afford a considerable surplus, after providing for the actual and probable applications for relief under the preceding articles, it shall then, and not otherwise, be competent for the directors of the institution, provided the permission of the Hon. Court of Directors be obtained, to afford the aid of the fund in the following cases:—1st. To officers who may have served twenty-two years in India, and may be obliged by ill health to retire from the service, without having obtained the rank of major, the regulated passage-money of their rank, and such assistance from the fund as will render their whole income, from whatever source derived, equal to the pay of major.—2d. In the event of a still further surplus, it shall be competent for the directors of the Military Fund, at their discretion, to assist officers retiring from the service on full pay in limited circumstances, with a sum equal to the regulated passage-money of their rank: provided always, that the resignation of such officer shall actually have been accepted previously to his embarkation.

Section VI.—Loans.

1. Subscribers who shall have subscribed to the fund for a period not less than eight years, shall be entitled to loans under the following circumstances:

2. A subscriber being desirous to send his wife and children, or either of them, to Europe, shall be allowed, should the state of the funds admit it, a loan equal to the amount of 20 months' subsistence of the rank he then holds, provided he shall have previously deposited with the directors an irrevocable order, engaging to repay the amount so borrowed, with interest at 8 per cent., within twenty-two months immediately succeeding the date of the advance. He shall also be required to deposit for the ultimate security of the fund, a personal bond, in which he shall be joined by two securities, to be approved by the directors, and assignment on any property he may possess.

3. In like manner, a similar loan will be allowed to a subscriber in India under the same conditions, whenever he may be desirous that his wife and children, or either of them, should return to him.

4. A subscriber proceeding to England on sick certificate with his wife and children, shall be authorized to apply for the regulated passage-money for such wife and children, to be advanced by the Military Fund as a loan. Such loan, however, can only be advanced upon the personal bond of the subscriber, including two sureties to be approved by the directors. The amount to be repaid with interest at 8 per cent. within two years after the subscriber's return to India, provided he may have attained the rank of captain, otherwise within two years after he shall have attained that rank, and the sureties to be bound to make good any balance or deficiency, in the event of the subscriber's ceasing to be a member of the fund before the bond is discharged.

Section VII.—General Regulations (extracts).

12. When any new regulation shall appear to the directors to be advisable, such regulation shall be circulated to corps for consideration.

13. If any subscriber or claimant on the fund shall be desirous to appeal from the decision of the directors to that of the subscribers at large, upon any subject which may not be specifically defined by the regulations, such appeal, provided it be approved by three directors, shall be referred and decided upon in the manner prescribed in the preceding article, and the decision shall be final in all cases whatever, any further agitation of the question, by process of law or otherwise, being deemed in itself to be an absolute forfeiture of all claims on the fund.

14. When a reference shall be made to the subscribers at large, respecting either a proposed regulation or an appeal, the result of such reference shall be communicated to corps for the information of subscribers.

15. In order to prevent litigation respecting the disposition of this institution, it shall be required that every application for the benefit of the fund shall be accompanied by an obligation of the party applying to conform and submit to the decision of the directors, and of a majority of the army, in cases which admit a reference to the general suffrage.

16. Generally, all payments due from the fund are to be made half-yearly, on the 30th June and on the 31st December; but in cases when pensioners or claimants on the fund are about to embark for Europe, all arrears are to be paid up to the latest date practicable.

17. Any arrear which may be due to the fund by a subscriber, or by an annuitant who may have received an over-payment, loan, or advance, shall in all cases be deducted from the first payments to be made from the fund to the person owing such arrear.

18. All income derived from the Madras Military Fund is declared to be unalienable; and the fact of attempting the alienation of such income, in any manner or under any pretence, shall be deemed in itself a forfeiture of all future benefits from the fund.

19. Dismission from the service shall be in all cases considered a forfeiture of all claims on the fund, and of all subscriptions already paid; but temporary suspension from rank or pay is not to be considered a forfeiture of such claims, provided the subscription be continued during such suspension; or if the subscription be discontinued, provided the arrears so arising, and interest on the amount, shall be paid up within a period equal to that of the suspension, and immediately succeeding it.

20. If a subscriber who may be dismissed from the service by a court martial or otherwise, shall afterwards be restored to the service, he shall be re-admissible to the fund, on payment of the arrears that may have accumulated, with interest thereon, in the same manner as if he had suffered only temporary suspension.

21. All property belonging to the Military Fund at any period shall be invariably vested in the Hon. Company's securities.

22. When interest may be chargeable according to these regulations either receivations, on ble or payable by the Military Fund in

account with subscribers to that fund, or their families or representatives, that interest shall be always calculated according to the highest rate which may be allowed on the Hon. Company's securities at this Presidency, at the time when such sum may be received or paid.

23. The Honorable Court of Directors having made it obligatory on Cadets and Chaplains to become members of the Military Fund, it will be the duty of the Secretary to communicate to each Cadet and Chaplain, entering the service, that his name has been enrolled in the List of Subscribers, in conformity with the condition of his appointment; at the same time requiring the parties to state whether they are married or not, when the Secretary will inform them the amount of donation they will be required to pay, such communication to be made on the promulgation of the order admitting any Cadet or Chaplain into the service.

24. The management of the affairs of the fund in England shall be conducted by a committee of twenty-four officers, subscribers resident in that country, of whom three to form a quorum.

27. It shall be part of the duty of the secretary to furnish every cadet, and chaplain, on his application, with a printed copy of the regulations of the fund, and every information requisite relative to the existence and objects of the institution.

31. With the view of securing the fund against decay and ultimate failure, the original intention in regard to donation shall be henceforward put in force and strictly adhered to, namely, that the donations paid by officers be "*for the purpose of forming a capital,*" and that the subscriptions of officers, the Company's donation, the interest on the capital, and all other profits, be alone available to defray the expenses of the fund, and the books and accounts of the fund shall be kept to that effect.

32. Should the subscriptions of officers, the Company's donation, the interest on the capital, and all other profits available to defray the expenses of the fund, fall short of the demands upon it, so that the total amount of the former will not defray the amount of the annuities and other claims, then it shall be in the power of the directors to make a proportionate deduction, according to Table D., from the annuities of the widows of the four senior classes, from the annuities to all children, and from the payments to other claimants above the rank of subalterns, until the state of the fund shall afford the means of complete payment; when, if a surplus income exists, the arrears shall be made good from the amount of surplus, but not otherwise.*

* So long as there shall be on the fund widows belonging to the three senior classes, and children whose mothers are living, and which widows and children shall have been admitted thereto previously to the 15th Oct. 1822, the widows and children admitted since that period on the modified annuities shall not be subject to the deductions specified in the preceding articles, until the corresponding annuities of the former annuitants shall by such deduction have been reduced respectively to the standard of the new scale; from which period they shall all be included in the provisions of the article to which this note refers.

33. The secretary shall lay before the directors, at the regular monthly meeting in November each year, an estimated state of the fund for the current year; and the directors having taken the same into consideration, shall declare what deduction, if any, may be required on annuities and claims for the ensuing year, on the principle of the preceding article.

The objects of the fund are:

To afford subsistence to the widows and legitimate children of medical officers (subscribers to the fund) dying in circumstances of indigence and distress.

To assist medical officers (subscribers) who are obliged to go to Europe in consequence of ill health.

And to afford to the senior officers of the Medical Establishment (subscribers) retiring from the service, annuities for life, under certain limitations, and depending on the state of the funds.

To the widows of all members, whether surgeons or assistant-surgeons, having subscribed prior to the 5th January 1815, who are in the circumstances entitling them to assistance, the fund grants such sums as will make their income three hundred pounds sterling annually.

To the widows of all surgeons, the same as above.

And to the widows of assistant-surgeons who became members subsequent to the 5th of January 1815 (unless the deceased shall have been fifteen years an assistant surgeon), the fund affords such assistance as will make their income two hundred pounds sterling per annum.

To the legitimate children of deceased subscribers, under circumstances entitling them to assistance from the fund, it is granted at the following rates:

To children under six years of age the income is made up to twenty pounds sterling per annum; but if a child have lost both its parents, the sum is made up to thirty pounds sterling per annum, and in the latter case the trustees act as guardians to the orphan.

From the age of six to twelve years the sum is made up to forty pounds per annum, and from twelve years of age till marriage, or until the age of twenty-one years, to seventy pounds sterling per annum.

To subscribers who find it necessary from ill health to go to Europe, and who procure the necessary certificate to obtain the sanction of Government for that purpose, such assistance is

REVISED REGULATIONS.—1st January 1836.

SECTION I.

Management of the Fund.

Art. 1. The management of the fund is vested in thirteen directors, twelve of whom shall be elected by the subscribers at large: the other—the Adjutant-general of the army, or officer acting in that capacity,—to be an ex-officio director. The senior director to be president.

2. The directors shall appoint a secretary under the sanction of the Commander-in-chief and the Governor in council; and such secretary shall receive a monthly salary of 200 rupees, and actual amount of expenses on account of establishment.

3. All applications relating to the Military Fund shall be addressed to the secretary, who shall lay them before the directors for their consideration, and shall communicate their decision to the applicants.

4. The directors shall meet once every three months, or oftener if necessary, for the transaction of business. But no business shall be transacted unless five directors attend the meeting.

5. It shall be competent for the directors, whenever they may deem it necessary, to institute an inquiry into the correctness of all claims founded on the regulations which are presented to them, and to reject such as may appear to them to have been preferred on insufficient grounds; but whenever a claim is rejected, the claimant may require the directors to submit his case for the decision of the subscribers at large.

6. If a subscriber wish any question, which is undefined by the regulations, to be submitted to the consideration of the subscribers at large, his request shall be complied with, provided that three directors deem such a reference expedient.

7. Except in the case just mentioned, all questions brought

before the directors shall be determined by the majority of votes of the directors present at the meeting.

8. A resolution, which has been passed at a meeting of the directors, shall not be brought again under discussion, unless a majority of the directors shall be of opinion that another meeting for the reconsideration of the subject is necessary.

9. All questions, submitted to the decision of the subscribers at large, shall be communicated by the directors, in letters forwarded by the secretary, and addressed to commanding officers of regiments, who shall collect and transmit to the secretary the votes of the officers under their command.

10. Officers on the staff, and officers and medical gentlemen unattached to corps, and clerical gentlemen, shall receive the circulars from and transmit their votes to the secretary.

11. Such votes shall, if possible, be transmitted to the secretary within three months after the receipt of the circular requiring them.

12. All questions submitted to the decision of the subscribers at large shall be determined by a majority of votes; but if two-thirds of the votes of subscribers in India be not received within the time specified, the decision of the question shall remain in suspense until that number be received.

13. The result of all references to the subscribers at large shall be communicated to them in the usual manner by the secretary.

14. The subscriptions and donations of subscribers will be received by the military paymasters at the different stations of the army, and all sums arising from these or other sources shall be lodged in the Company's treasury; but it is not to be considered any part of the secretary's duty to receive money on account of the fund.

15. The secretary shall keep the following books, which shall be open to the inspection of the subscribers.

An annual ledger, exhibiting the account of donations and subscriptions as rendered by paymasters.

A cash-book, to be balanced monthly.

A book containing an annual account-current of receipts and disbursements in Europe.

A book containing an annual account-current of receipts and disbursements both in India and Europe.

A book shewing in abstract the actual state of the funds.

A book containing the minutes of meetings of the directors.

A book containing copies of the several minutes by the directors on questions submitted to their consideration.

16. The payments due by the fund shall be made half-yearly, viz. on the 31st of October and the 30th of April, except such as are due to annuitants or claimants embarking for Europe, to whom all sums due are to be paid up to the latest date practicable.

17. When interest is chargeable according to these regulations on sums receivable or payable by the Military Fund, in account with subscribers or their families, that interest shall be calculated at 8 per cent.

18. On all occasions when advances made to, or arrears due by subscribers in England, become payable in India, the exchange shall be considered at 2s. 3d. per rupee.

19. In all cases where a deduction has been made from the annuity payable by the fund, on account of property or income possessed by the annuitant, should such property or income be from any unavoidable causes diminished or lost, then on the circumstances being stated to the secretary in India, or the agents in Europe, accompanied by an affidavit, specifying whether any and how much property or income remains to the annuitant, the annuity shall be proportionally increased until it arrives at the maximum of annuity due to the rank of the late subscriber; the operation of this regulation equally applies to the following description of persons, *viz.*

First. Widows and children admitted before the 23d September 1824.

Second. Female orphans, as specified in the 4th article of the 3d section.

Third. Sick officers at home drawing income allowance.

20. In like manner, if any annuitant on the fund shall acquire property or income, a proportionate deduction shall be made from his or her annuity, from the date when such property or income was acquired.

21. The business of the fund in Europe shall be conducted by Messrs. Forbes, Forbes, and Co., to whom all applications by subscribers in Europe shall be addressed.

22. The directors shall, from time to time, furnish Messrs. Forbes, Forbes, and Co. with such instructions as may be necessary for enabling them to reply to such applications; and in all cases of doubt, or difference of opinion, a reference shall be made to the directors in India.

SECTION II.

Persons entitled to the Benefits of the Fund.

Art. 1. All actual subscribers, and all cadets, assistant surgeons, veterinary surgeons, and chaplains, who may be appointed to the service, on paying the undermentioned donations and subscriptions, and on conforming in every respect to the regulations of the fund.

2. Members of the medical board shall rank as lieutenant-colonels; superintending surgeons, and chaplains after ten years' service, as majors; surgeons and chaplains under ten years' service, as captains.

3. In the payment of donations, subscribers shall be classed under three distinct descriptions, *viz.* married subscribers, widowers with offspring, and unmarried subscribers and widowers without offspring, and shall contribute accordingly.

4. Donations shall be paid at the following rates:—

	Married.	Widower with Offspring.	Unmarried and Widower without Offspring.

16. Persons becoming subscribers to the Military Fund, on entering the service shall, if married or widowers and having legitimate offspring, be required to pay, in addition to the prescribed donation and subscription, an extra donation, equal to the amount of the subscription of their rank, calculated from the date of birth of the eldest surviving child, or from the date of birth of the eldest of the children, to whom, in case of the father's death, it is wished that the benefits of the fund should be extended.

17. But if such information be not given, the subscriber shall pay double the amount of the difference between his donation as a married and unmarried subscriber, with interest at 8 per cent. added half-yearly; and if he do not pay this amount, and his subscription as a married subscriber from the date of his marriage, his widow and children shall forfeit all claims to the benefits derivable from the fund; but such benefits as are personal shall continue to be available to him as an unmarried subscriber.

20. Subscribers who may have been dismissed and afterwards restored to the service, shall be readmitted to the benefits of the fund, on their recommencing their subscriptions from the date on which they shall again receive pay, and on paying back the amount of subscription which may have been refunded to them, in conformity to Section III, article 27.

21. All subscribers above the rank of subaltern who may proceed to England on sick certificate, shall pay their subscription in the same manner as those who proceed on furlough.

22. Subscribers who may be prevented by any temporary cause from drawing pay, shall be exempted during such period from the

payment of monthly subscriptions; but upon the removal of such incapacity the amount of arrears due to the fund shall be made good either at once, or by instalments not exceeding eighteen.

23. Cornets and ensigns shall not be required to commence payment of their donations until they have been twelve months in the country.

24. If a subscriber fall in arrears with his donation or subscription of instalments for six months, he shall pay double the amount of the arrears, unless he makes it appear to the satisfaction of the directors that such arrear was occasioned by unavoidable circumstances.

25. In all cases when a subscriber dies in arrears to the fund, in consequence of his paying the sums due by him by instalments, agreeably to the regulations, whether on account of loans or from any other cause, such arrears must be paid up, or otherwise his widow and children will be deprived of all claims to the benefits derivable from the fund. But in the adjustment of such arrears, it shall be optional with the parties either to pay up the sum at once, or by a deduction of ten per cent. from the pensions payable by the fund to the widow and children of such subscriber, until the same has been fully discharged.

3. On application being made, and on sufficient reasons being assigned, the above sum of £225 may be paid previous to the child's completing its eighteenth year; but in all cases the payment of this sum shall extinguish all claim to a continuance of the annuity.

4. But the annuities of females bereft of both parents, granted under the 4th article of this section, shall continue until their marriage or death; subject, however, on their attaining the age of eighteen years, to the deduction of any yearly income beyond half the amount of pension which they may derive from any other source; and in case such other income shall amount to £90 per annum, the annuity granted by the fund shall cease and terminate.

5. The benefit of the preceding article shall be extended to such female children as at present receive annuities on the death of their mother, and to the unmarried daughters of deceased subscribers above eighteen years of age, provided that the increased donation be deducted from the amount payable by the fund.

6. On the same condition, a child born within ten months after the death of its father, shall be entitled to the increased annuity.

7. In the event of a female annuitant receiving her portion before the death of her mother, and it becoming necessary for her to apply for the extended annuity, a deduction equal to one fourth of her annuity shall be made until the portion be refunded.

8. Widows who are annuitants on the fund, and who may hereafter marry, are allowed to retain one-half of the annuity

formerly granted to them, and if her second husband be a subscriber, it shall become optional with the widow to claim the annuity prescribed for the rank of either the first or second husband; but she is not to receive more than one full annuity.

9. Annuities shall be payable to widows or guardians of children at their place of residence, if in India or Great Britain and Ireland; and if resident in a foreign country, or at the Cape of Good Hope, to their constituted agents in London or Bombay; and if resident in any part of India not subordinate to this presidency, to their constituted agent at Bombay, at the rate of 2s. 6d. per rupee.

10. All widows upon furnishing an affidavit of the form marked I in the Appendix that they are destitute of the means of providing a passage to Europe, and are not furnished with one by Government, shall be entitled to receive the regulated allowance (for one passage only), but in the event of a widow possessing property not available at the period of her departure from India, the allowance may be granted as a loan, to be repaid within twelve months after her arrival in Europe.

11. All children admitted to the benefits of the fund shall be entitled to receive the sum of 400 rupees each, if proceeding to Europe with their mother, or 525 rupees if unaccompanied by their mother, to defray the expense of their passage, without reference to their age or the rank of their father at the period of his decease.

12. A married subscriber shall receive, in addition to the equipment allowance payable to an unmarried subscriber, the sum of 150 rupees for his wife, and 75 rupees for each child, on making a declaration, upon honour, that he does not possess sufficient funds for that purpose.

13. A married subaltern (or widower with offspring) at home on sick certificate, being married at the date of his departure from India, shall, on furnishing the declaration required from unmarried subscribers, receive £15 per annum for his wife, and £7.10s. for each of his children, if the number does not exceed two, in addition to his own income allowance from the fund, commencing from the date of arrival in England, and ceasing on embarkation for India; but the total sum payable on their account shall not exceed £30 per annum.

14. A married captain (or widower having offspring), at home on sick certificate, shall, on application, receive the same allowance for his wife and children as a subaltern, subject, however, to a deduction of any yearly income he may possess beyond his pay; such application to be accompanied by a declaration according to the form marked G in the Appendix.

15. A married subscriber shall be entitled to receive on his personal security, on furnishing a declaration marked H in the Appendix, a loan equal to twenty months' pay of his rank, for the purpose of sending his wife to England, provided that the said loan be repaid by instalments within twenty months from the date of its advance, with interest at 8 per cent. per annum.

16. A similar loan on the same conditions shall be granted to a

married subscriber in India or the purpose of bringing his family from England, provided that all loans formerly advanced to him shall have been duly discharged.

17. Articles 12, 13, 14, 16, latter part 17, and 18 of section four of the former regulations were rescinded by the decision on the 5th preposition of the 36th Circular;* but as this resolution was not to have retrospective effect, all annuitants on the fund previous to the 23d September 1824 remain subject to the former regulations, and consequently such annuitants shall continue to furnish, every half-year, affidavits, specifying whether they possess any property or not, and in the former case its actual amount, and drawn up in the form in the Appendix marked A.

18. In the same manner, the next of kin or guardian of children annuitants on the fund, prior to the 23d September 1824, shall furnish a half-yearly affidavit in the form in the Appendix marked B.

19. But female annuitants receiving the extended annuity, shall still furnish, after their eighteenth year, half-yearly affidavits, specifying whether they have any, and what income or property besides that derived from the fund, and these affidavits shall be drawn up in the form in the Appendix marked C.

Benefits to Unmarried Subscribers.

20. Subaltern officers who proceed to Europe on sick certificate shall, on making a declaration on honour, according to the form D in the Appendix, that they do not possess property which will, including their pay, produce an income of £140, be entitled to receive from the fund such amount annually, as, with their pay and other income, will make up that sum, commencing from the date of arrival in England, and ceasing on embarkation for India;† such subalterns, in case of acquiring any property or income during their residence in Europe, shall immediately furnish the agents with an affidavit specifying the same.

21. Subscribers, who proceed to Europe on sick certificate, and who are not furnished with a passage by government, shall, on making a declaration on honour, according to the form in the Appendix marked E, that they do not possess the means of paying for their passage, be entitled to receive for that purpose a sum according to the following Scale; viz.

22. Subscribers who have proceeded to Europe on sick certificate shall, on making a similar declaration on honour, be entitled to receive from the agents in England the following sums as outward passage-money, viz.

If subscribing as Field Officers.....	£113
—————Captains	94

provided that if above the rank of subaltern the amount be refunded free of interest within twelve months after return to India.

23. Subscribers proceeding to England on sick certificate shall further be entitled to receive the sum of 400 rupees for their equipment, on their application for the same being accompanied by a declaration on honour, according to the form in the Appendix marked F, that they do not possess sufficient funds for that purpose.

24. Subscribers proceeding to England from any other place than Bombay on sick certificate, duly obtained according to the regulations, shall be entitled to the same benefits on giving the secretary the necessary information, and furnishing him with the required declaration on honour.

25. If a subscriber, whether married or unmarried, be dismissed the service, the directors are authorized to refund to him the amount of subscription which he has contributed to the fund, deducting therefrom any sums which may have been previously advanced to him.

SECTION IV.

Causes of Exclusion from the Benefits of the Fund.

Art. 1. A subscriber, prior to the late order of the Hon. Court, withdrawing from the fund, forfeits, *ipso facto*, all claims to the benefits derivable from it, as also the amount of his donation and subscription, and all other sums which he may have paid up to the period of his secession.

2. The non-payment of donation, subscription, or any other sum demanded from them in conformity to the regulations, shall exclude subscribers from all benefits derivable from the fund.

3. The non-compliance with any regulation of the Military Fund, or the bringing under litigation any decision which has been passed in conformity to these regulations.

4. All income derived from the Bombay Military Fund is declared to be unalienable, and the fact of attempting the alienation of such income in any manner, or under any pretence, shall be deemed in itself a forfeiture of all future benefits from the fund.

5. The widow of a subscriber who shall have been legally divorced or separated from her husband, or who shall at the time of his death have quitted his protection, or shall be living in a state of adultery, though not legally separated or divorced, shall not

be entitled to any benefit from the fund under any circumstances whatever.

6. If, after the widow of a subscriber shall have been admitted to the benefits of the fund, it shall at any time appear to the satisfaction of the Directors that she is living in a state of incontinence, or in a manner discreditable to the memory of her husband, she shall forfeit all claims to the benefits derivable from the fund, and shall in future be deprived of her annuity.

SECTION V.

Eventual Benefits of the Fund.

Art. 1. Independent of the benefits which have been recited, the Bombay Military Fund is considered as holding out the prospect of eventual benefits under the following circumstances.

2. If at any future period it shall be found that the funds of the Institution afford a considerable surplus, after providing for the actual and probable applications for relief under the preceding articles, it shall then, and not otherwise, be competent for the directors of the institution, provided the permission of the Hon. Court of Directors be obtained, to afford the aid of the fund in the following cases:

First. To subscribers compelled by ill health to abandon the country after ten years' service, and before they are entitled to retire on full pay, the regulated passage money of their rank, and an annuity which shall render their total income, from whatever source derived, equal to the full pay of their rank.

Second. To officers who may have served twenty-two years in India, and may be obliged by ill-health to retire from the service without having obtained the rank of major, the regulated passage money of their rank, and such assistance from the fund as will render their whole income, from whatever source, equal to the pay of major; and, as in the case of widows, the possession of an income not exceeding half the pay of a major of infantry, shall not occasion an abatement from the provision to be made from the fund.

Third. In the event of a still further surplus, it shall be competent for the directors of the Military Fund, at their discretion, to assist officers retiring from the service on full pay in limited circumstances, with a sum equal to the regulated passage-money of their rank, provided always that the resignation of such officer shall actually have been accepted previously to embarkation.

Fourth. Should the fund, however, at any period fall short of the demands upon it, so that the annual income will not defray the amount of the annuities and other claims, then it shall be in the power of the directors to make a proportionate deduction from the annuity of each annuitant, and from the payments to other claimants above the rank of subaltern, until the state of the fund shall afford the means of complete payment; when, if a surplus income exists, the arrears shall be made good from the amount of surplus, but not otherwise.

TO GENTLEMEN
IN THE
CIVIL, MILITARY, or NAVAL DEPARTMENTS,
AND TO
LADIES AND FAMILIES, WRITERS, CADETS,
AND ASSISTANT-SURGEONS,
PROCEEDING TO INDIA.

MAYNARD AND COMPANY,
MILITARY OUTFITTERS AND GENERAL AGENTS,
Asiatic Office, No. 27, Poultry, London,
(REMOVED FROM LUDGATE STREET,)

Respectfully announce to LADIES and GENTLEMEN going abroad, that the arrangements at their Warehouse embrace every article necessary for an Outfit on the most extended, or on a limited and inexpensive scale, including the MILITARY EQUIPMENTS and CABIN FURNITURE, the whole of which may be supplied where expedition is requisite at twenty-four hours' notice; they invite a comparison of prices and quality with any similar Establishment, the utmost economy being carried into every part, so as to render each article on the very lowest terms. The frequent disappointments experienced by officers in getting their Uniforms and Military Appointments made up precisely according to the new Regulations, have induced Maynard and Co. to give particular attention to this branch, by consulting the first authorities, and by correspondence from Head-quarters in India. They are employing the first Artists and Cutters in all the details, and by working up the best materials, produce articles of a very superior character. M. and Co. with confidence throw themselves upon the support of the Honourable Company's Service, which a large number of Staff and other Officers who have already honoured this Establishment with their patronage, will, they trust, fully justify; whilst by combining the Military with the general and personal Outfit, they are enabled to complete the whole in equal style with the West End Military Houses, at a saving of full 20 per cent.

Regimental Supplies of every description, Saddlery and Horse Furniture, General Clothing, Plate, China, Glass, Musical Instruments, &c. forwarded to India.

Cadets and Assistant Surgeons will find this Establishment of the utmost importance.

AGENTS FOR PASSAGES.

At this Establishment, Plans and Terms of every SHIP may be obtained, the Commanders met with, and PASSAGES advantageously engaged, free of charge. INSURANCES are effected, Servants provided for the Voyage, Letters and Packets forwarded,

Maynard and Co.'s Outfitting List—continued.

BAGGAGE shipped on departure, and Cleared or Warehoused on arrival from India without trouble to the parties.

To meet the convenience of Persons arriving from India, M. & Co. have provided a large and dry Warehouse for the reception of *Baggage*, where it may be stored during their residence in England, at a very trifling charge.

A correct List is kept of the arrival and departure of Ships and Passengers; and the India Journals are regularly filed.

EAST-INDIA ARMY AGENCY,
16, CORNHILL,

AND

8, ST. MARTIN'S PLACE, CHARING CROSS.

CAPTAIN GRINDLAY has the pleasure to announce that he has recently entered into arrangements for extending the advantages of his **AGENCY ESTABLISHMENT**, and affording to his friends increased facilities for the transaction of *every description of business connected with India.*

The great increase of engagements which has resulted from the character of his establishment, has induced him to receive two Gentlemen as Partners, from whose exertions, attention, and experience, combined with his own, he anticipates the greatest benefits to his constituents.

CAPTAIN GRINDLAY avails himself of this opportunity to offer his grateful acknowledgments for the extended and cordial support he has hitherto received.

Referring to the experience of the past as evidence of the zeal and care which may be relied upon for the future, **CAPTAIN GRINDLAY** has only to announce that the business of this Agency will in future be carried on under the firm of **GRINDLAY, CHRISTIAN, and MATTHEWS.**

The regulations of the dress of the Military, and Scales of Equipment for Writers, Cadets, and Assistant Surgeons, combining efficiency and economy, may be seen on application at either Office.

Messrs. **GRINDLAY, CHRISTIAN, and MATTHEWS** offer their services to Parties proceeding to India; and from the extent of their business, arising from their intimate knowledge of the most eligible Ships and Commanders, they are enabled to negotiate Passages on the most advantageous terms, combining both economy and comfort.—Plans and Prices of accommodation may always be seen at their Offices as above.

Overland Routes to India.

Circular Letters of Credit, for the convenience of parties proceeding by any of the Overland Routes, and every information relative thereto, may be obtained at this Agency.

16, CORNHILL, January 1839.

CAPTAIN JAMES BARBER, H. C. S.

(LATE OF THE SHIP CAMBRIDGE,)

64, CORNHILL,

EAST-INDIA AGENT,

AND

**AGENT FOR PASSENGERS TO INDIA, CHINA, AND
THE COLONIES.**

THE above Establishment having met with support and encouragement beyond the most sanguine expectation of the Agent, at the request of many of his constituents, **CAPTAIN BARBER** has been induced to extend it; it is also particularly called for, by the present change in the channel of intercourse between England and India, and which, at no distant period, is likely to become the main stream of communication with the Eastern World.

It is therefore desirable that every Family, connected with India, should be able to refer, nor only where information can be given, but facility afforded — A Subscription of One Guinea per Annum, paid in advance, will entitle individuals to send Packages, Parcels, Letters, &c. for Overland conveyance by Steam, or by the Sea route, viâ the Cape, which will be received, registered, and promptly forwarded without further charge than for Money positively disbursed.

Though parties will avail themselves of the overland route for their own conveyance, for Letters, Periodicals, Parcels, &c., great inconvenience and motives of economy will restrain them from taking heavy baggage; it can be warehoused at a moderate charge, whether received from India, or intended for shipment to either of the Presidencies.

Persons returning to India, Writers, Cadets, and Assistant Surgeons, will find an advantage by negotiating their Passage through this Agency. Captain B. will hold himself responsible for the general and particular Equipment of the Vessel; he will superintend the arrangement of their cabins and personal outfit, not only free of charge, but the Agent considers his long experience, and his intimate association with the Services of India, qualify him to point out real wants, and to reduce the outlay that persons of inexperience are led to, when fitting themselves for the voyage, as well as in providing their equipment for service in India.

Subscribers will also find a comfortable Reading Room, the latest and best Intelligence from India, an ample supply of English Papers and Periodicals, Arrivals and Departures of Ships, Plans of those about to sail, with Lists of Passengers engaged, and Passengers expected to arrive; a Registry of Servants, with their characters; Baggage cleared through the Custom-House; Insurances effected; Pay and Pensions received; private and public Business transacted at the different Offices, and all matters faithfully attended to, that can be comprised in a General Agency.

**MESSRS. ASHLEY AND SON,
ARMY AGENTS AND BANKERS,
135, REGENT STREET.**

It having been intimated by several Officers in the Honourable East-India Company's Military Service in India, and other Friends connected with the East-Indies, that it was very desirable a regular House of ARMY AGENCY, in LONDON, of **His Majesty's Service**, would also undertake the **Agency and Concerns of Officers in the Company's Service**:

MESSRS. ASHLEY AND SON, ARMY AGENTS AND BANKERS, 135, REGENT STREET, beg leave to offer their services to transact such business for all Officers proceeding to India, now serving there, or returning home on furlough or retirement, who may rely on an active and assiduous attention to their interests.

It frequently happens that the Company's Military Officers, not possessing the advantage of having a regular Regimental Agent, like those in the King's Service, are put to much inconvenience on landing in England, by not knowing to whom to apply in London for information and assistance. To remove that difficulty and embarrassment, Messrs. ASHLEY will be happy to receive communications immediately on the arrival of such Officers, and expeditiously forward the requisite remittances, in the usual mode adopted in His Majesty's Service.

Officers on service, desirous to remit money to England, may forward their Bills to Messrs. ASHLEY, who will receive the proceeds and invest them in the public funds, or otherwise apply them as they may be directed.

All business in the Military Department is transacted by them at the India House and other Public Offices. Also Pay and Pensions may be received by them by Power of Attorney, and much trouble and delay thereby saved to Officers or their Widows who reside abroad or at a distance from London.

Particular attention will be paid to orders of supply from Regiments in India for Clothing and Military Equipments, of whatever description; also to orders for Outfits, and general arrangements for embarkation of Cadets and others, and great care taken that the articles are properly selected, packed, and shipped to their destination.

The experience Messrs. ASHLEY have had for many years in conducting the Agency of several regiments of the King's Service, and **being Regimental Agents recognized by the War Office**, will, it is hoped, be considered by Officers of the Honourable Company's Service a guarantee of their ability to execute the trust they solicit; and they beg to assure those gentlemen, that their establishment is conducted upon liberal principles, and will meet every demand on its services.

Messrs. ASHLEY have great pleasure in mentioning that they had the honour to be Agents to the 27th or Enniskillen Regiment of Foot, to which they were appointed by its Colonel the MARQUIS OF HASTINGS, a nobleman whose name will ever rank amongst the most illustrious of the British Army in India.

Regent Street, London, Jan. 1835.
